New social relations are created, not only between the husband and the wife, and between the husband and the wife's relatives on the one side and between the wife and the husband's relatives on the other, but also in a many great societies, between the relatives of the husband those of the wife, who, on the two sides, are interested in the marriage and in the children that are expected to result from it.

An Analytical Study of Definitions of the Term "Marriage"

The truth includes the fact that I'm extremely grateful for my husband. For all of his particular flaws and insecurities, he's a person who's confident enough to handle the truth, and brave enough to welcome it. He's also very generous and patient with his extremely opinionated, moody wife. I think about that every single day.
