The Economics of Money, Banking, and Financial Markets set the standard for money and banking courses when it published in its first edition, and it continues to be the worldwide market leader.

The Economics of Money, Banking and Financial Markets ...

Principles of Money, Banking, and Financial Markets contains a great deal of information regarding economics in the United States. As a student, I find it to be poorly written. The authors/editors make constant reference throughout the text to other sections of the text. For example, we will discuss this in depth in chapter seven, but for now, lets reflect our continued study from chapter two ...
