Be pragmatic. If your dog barks inappropriately, it is important to start by setting yourself a realistic goal. Planning for your dog to stop barking completely is not realistic – barking is a natural dog behaviour and dogs will bark – more or less, and largely depending on the breed – whether we want it or not.

Drawing upon

knowledge from a broad range of environmental variables that influence blue carbon sequestration, including warming, carbon dioxide levels, water depth, nutrients, runoff, bioturbation, physical disturbances, and tidal exchange, we discuss three potential management strategies that hold promise for optimizing coastal blue carbon sequestration: (1) reducing anthropogenic nutrient inputs, (2) reinstating top-down control of bioturbator populations, and (3) restoring hydrology.
