The name of G.W.F. Hegel (1770-1831) is nearly synonymous with philosophy of history in two senses, both captured by his phrase, "The only thought which philosophy brings with it, in regard to history, is the simple thought of Reason—the thought that Reason rules the world, and that world history has therefore been rational in its course" (Hegel 1988, 12f). History unfolds itself according to a rational plan; and we know this precisely because the mind which examines it unfolds itself ...

W. H. Walsh's Philosophy of History (Walsh 1960 [1951]), first published in 1951 and revised in 1960, is an open-minded and well-grounded effort to provide an in-depth presentation of the field that crosses the separation between continental and analytical philosophy. The book attempts to treat both major questions driving much of the philosophy of history: the nature of historical knowledge and the possibility of gaining "metaphysical" knowledge about history.

Philosophy of history is the philosophical study of history and its discipline. The term was coined by French philosopher Voltaire. In contemporary philosophy a distinction has developed between speculative philosophy of history and critical philosophy of history, now referred to as analytic. The former questions the meaning and purpose of the historical process whereas the latter studies the foundations and implications of history and the historical method. The names of these are derived from C
