"Dialogic teaching harnesses the power of talk to stimulate and extend pupils' thinking and advance their learning and understanding."

"...dialogic teaching is as much about the teacher as the learner, and relates to teaching across the curriculum."

(both from Professor Robin Alexander)

Dialogic teaching and learning stems from the following principles:

Dialogic teaching and learning :

Faculty of Education

Dialogic teaching means using dialogue effectively in order to develop learning. This means placing students at the centre of a meaningful conversation and facilitating learning through questions, further reasoning, considering alternatives and building on what has already been said. In the dialogic classroom, students are not passive listeners but active speakers and listeners, who help to extend and develop the learning taking place.

Pedagogy Focus: Dialogic teaching- a definition and ...

The term 'dialogic teaching' is now in regular use but like all such terms means

different things to different people. As developed by Robin Alexander since the early 2000s, dialogic teaching harnesses the power of talk to engage interest, stimulate thinking, advance understanding, expand ideas, and build and evaluate arguments, empowering students for lifelong learning and democratic engagement.

Dialogic Teaching - Robin Alexander

Dialogic teaching strategies, then, make use of the power of talk in order to stimulate and extend students' thinking, as well as to advance their learning and understanding. Dialogic teaching enables the teacher to diagnose and assess students'

understandings and misunderstandings through speaking and listening, and questioning.

Dialogic teaching and talking about writing - Primary Learning

"Dialogic Teaching" means using talk most effectively for carrying out teaching and

learning. Dialogic teaching involves ongoing talk between teacher and students, not just teacher-presentation. Through dialogue, teachers can elicit students' everyday, 'common sense' perspectives, engage with their developing ideas and help them overcome misunderstandings.

Dialogic : Faculty of Education

The science of dialogic teaching and learning has especially flourished over the last four decades across age-groups, cultures, and contexts. A wide array of studies has examined the uniqueness of dialogue as a powerful tool to lead effective instructional practices, transform the socio-cultural context and

people's mindsets, among many others.
