The Canon S95 is the much improved new version of the extraordinary Canon S90. The Canon S95 fixes the S90's flaky rear control dial and hard-to-find-by-feel shutter button, and adds a host of clever new features. As expected, images from the S95 look great, just as did images from the S90, and the S95 handles even faster and better than the S90. Canon S95.bigger.
