Ecofeminism: Women, Culture, Nature by Karen J. Warren

Ecological feminism is a feminism which attempts to unite the demands of the women's movement with those of the ecological movement. Ecofeminists often appeal to "ecology" in support of their claims, particularly claims about the importance of feminism to environmentalism. What is missing from the literature is any sustained attempt to show respects in which ecological feminism and the science of ecology are engaged in complementary, mutually supportive projects.

KAREN WARREN ECOFEMINISM PDF - PDF Service

Ecological feminism is the position that there are important connections-historical, symbolic, theoretical-between the domination of women and the domination of nonhuman nature. I argue that because the conceptual connections between the dual dominations of women and nature are located in an oppressive patriarchal conceptual framework characterized by a logic of domination, (1) the logic of traditional feminism requires the expansion of feminism to include ecological feminism and (2 ...
