Selling options is simply a matter of putting time and the odds in your favor. It's up to you to avoid risking too much of your account on any one trade. You must cut your losses if the trades move too far against you. Just assume that two out of every three options you sell will expire worthlessly.

When to Sell Options on Futures and Commodities

Selling a commodity that you don't own may seem strange at first, but it will become second nature over time. Professional commodity traders typically do not have a bias toward buying or selling. They will sell if they feel a market will move lower and buy if they feel it will move higher. The procedures to buy and sell are both easy, so looking for opportunities in both directions doubles your chances of success.

The Short Side of Commodities - How to Sell Commodities

Conversely to the commodity option seller, an option buyer views the position as an asset (not a liability) until it is sold or expires. This is because any long option held in a commodity trading account has the potential to provide a return to the trader, even if that potential is small.
