Test reliability and validity are two technical properties of a test that indicate the quality and usefulness of the test. These are the two most important features of a test. You should examine these features when evaluating the suitability of the test for your use.

Testing and Assessment - Reliability and Validity

The clearest and most challenging evidence of the reliability of the

Old Testament is its consistent promise of the coming of the Messiah. Not even the most liberal critic of the Bible will doubt that Micah 5, Zechariah 9, Psalm 22, and Isaiah 53, to take four examples among many, were written centuries before Christ was born.
