A History Of Everyday Life

The History of Everyday Life. Book Description: Alltagsgeschichte, or the history of everyday life, emerged during the 1980s as the most interesting new field among West German historians and, more recently, their East German colleagues. Partly in reaction to the modernization theory pervading West German social history in the 1970s, practitioners of Alltagsgeschichte stressed the complexities of popular experience, paying particular attention, for instance, to the relationship of the German ...

The History of Everyday Life: Reconstructing Historical ...

Everyday life, daily life or routine life comprises the ways in which people typically act, think, and feel on a daily basis. Everyday life may be described as mundane, routine, natural, habitual, or normal. Human diurnality means most people sleep at least part of the night and are active in daytime. Most eat two or three meals in a day. Working time mostly involves a daily schedule, beginning in the morning. This produces the daily rush hours experienced by many millions, and the drive time fo

ABSTRACT. This article examines microhistories and the histories of the everyday both in the context of developments in social and cultural history since the 1960s, and in the light of political and social change in post-war European society. Moving beyond debates about historical narrative, it emphasizes issues of perspective, space, size and historical distance in shaping historical interpretation.
