Earth formed around 4.54 billion years ago, approximately one-third the age of the universe, by accretion from the solar nebula. Volcanic outgassing probably created the primordial atmosphere and then the ocean, but the early atmosphere contained almost no oxygen.

History of Earth - Wikipedia

The history of the English language really started with the arrival of three Germanic tribes who invaded Britain during the 5th century AD. These tribes, the Angles, the Saxons and the Jutes, crossed the North Sea from what today is Denmark and northern Germany. At that time the inhabitants of Britain spoke a Celtic language.

There have been accounts of women labouring and giving birth in water mostly amongst peoples living near a source of shallow warm water such as the South Pacific islanders. In most traditional societies the rituals and practices of childbirth have, until recent times, been a matter of secrecy and handed down through generations of women.

The history of Water Birth - Active Birth Pools

Historical artefacts show that the history of waterbirth began almost as long ago as birth itself. Water has often been referred to as 'the cradle of life'.

The History of Waterbirth - Pregnancy Birth and Beyond

For most of American history, pregnancy, labor and delivery, and post-partum have been dangerous periods for mother and child. However, starting slowly in the late 18 th century and accelerating into the late 19 th century, labor and delivery radically changed. Initially new medical interventions, such as forceps and anesthesia, caused as many issues as they seemed to resolve

as they emerged in burgeoning medical school obstetric programs.
