Dynamics *John Wiley & Sons*

This concise and authoritative book emphasizes basic principles and problem formulation. It illustrates both the cohesiveness of the relatively few fundamental ideas in this area and the great variety of problems these ideas solve. All of the problems address principles and procedures inherent in the design and analysis of engineering structures and mechanical systems, with many of the problems referring explicitly to design considerations. Sample problems are presented in a single page format with comments and cautions keyed to salient points in the solution. --

Illustrations are color coordinated to identify related ideas throughout the book (e.g., red = forces and moments, green = velocity and acceleration).

The Huguenot Sword

For Faith. For Friendship. For Freedom. In the time of Louis XIII and Cardinal Richelieu, when being a Protestant could mean death, The Huguenot Sword roamed the streets of Paris by night, defending those faithful to the young heretical religion. The situation becomes desperate when those in power launch a bold plan to destroy the group. One wrong move can be fatal. But the ordeal of Paris pales in comparison to the possible annihilation of their faith and people at the battle of La Rochelle.

Note to Self

Stream of Consciousness *Tim Yearneau*

Two weeks, that's all I had. Sent to be a delegate the votes could wait, but Atlanta wouldn't. I became part prophet, part tourist with a splash of barbeque and Hollywood to boot. Southern hospitality ruled strong, yet tears rolled down my cheeks. I crooned in the life of luxury, but this led to a paradox. Browsing the streets were a cast of humanity - the Georgia Peach, an officer of the law, and a soccer fanatic. They came to where dreams come true. And they all had one thing in common, they talked to me. It didn't stop with them; an owner's daughter speaks, Naughty girl met denial, Duckman swallowed, and Abe Lincoln said let's make a deal. All in a days work. Sherman started his famous March to the Sea in Atlanta. Here, in this travel memoir, Mr. Y. makes his own March to Atlanta. It's where moral conflict broods and serendipity percolates from irrevocable moments. In the here and now Ghandi stands with Martin Luther King. The past becomes the present and the present fades to the past.

While her husband and sons taught her to walk, talk, dress, and feed herself, Sallie's greatest healing was still to come. With her personal life in disarray and her family's finances in tatters, Sallie was contemplating suicide when she received a life-changing phone call from her dressage coach, Mike Osinski. Osinski calmed the traumatized horse and challenged Sallie to conquer her fears. As she progressed in her lessons, Sallie recovered her memories and developed a new sense of self. She discovered that her deepest healing took place on the back of the very horse that had fallen on her. "Escogido XXV: The Chosen" tells the story of a courageous woman, a compassionate trainer, an extraordinary horse, and their determination to heal their accidental wounds.
