Armada

A Novel Ballantine Books

From the author of Ready Player One, a rollicking alien invasion thriller that embraces and subverts science-fiction conventions as only Ernest Cline can. Zack Lightman has never much cared for reality. He vastly prefers the countless science-fiction movies, books, and videogames he's spent his life consuming. And too often, he catches himself wishing that some fantastic, impossible, world-altering event could arrive to whisk him off on a grand spacefaring adventure. So when he sees the flying saucer, he's sure his years of escapism have finally tipped over into madness. Especially because the alien ship he's staring at is straight out of his favorite videogame, a flight simulator called Armada--in which gamers just happen to be protecting Earth from alien invaders. As impossible as it seems, what Zack's seeing is all too real. And it's just the first in a blur of revelations that will force him to question everything he thought he knew about Earth's history, its future, even

his own life--and to play the hero for real, with humanity's life in the balance. But even through the terror and exhilaration, he can't help thinking: Doesn't something about this scenario feel a little bit like . . . well . . . fiction? At once reinventing and paying homage to science-fiction classics, *Armada* is a rollicking, surprising thriller, a coming-of-age adventure, and an alien invasion tale like nothing you've ever read before. Praise for *Armada* "A thrilling coming-of-age story."--Entertainment Weekly "Nerd-gasmic . . . another science fiction tale with a Comic-Con's worth of pop-culture shout-outs."--Rolling Stone "An amazing novel that] proves Cline has the ability to blend popular culture with exciting stories that appeal to everyone."--Associated Press "Mixes Star Wars, The Last Starfighter, Independence Day and a really gnarly round of Space Invaders into a tasty sci-fi stew."--USA Today "A fantastic second novel . . . fans of Ready Player One, it is time to rejoice."--Huffington Post

When the Tempest Gathers

From Mogadishu to the Fight Against ISIS, a Marine Special Operations Commander at War *Pen and Sword Military*

A US marine and Special Ops Commander recounts his combat experiences through Iraq and beyond in this "powerful and beautifully written memoir" (The Washington Times). These are the combat experiences of the first Marine to command a special operations task force. Andrew Milburn takes readers on his journey from Second Lieutenant to Colonel and Task Force Commander; from leading Marines through the streets of Mogadishu, Baghdad, Fallujah and Mosul to directing multi-national special operations forces in the fight against ISIS. Through it all, he shares the hard-won lessons he learned, and shows how he put them to use in a complex fight against a formidable foe. Very few personal accounts of war cover such a wide breadth of experience. Milburn tells his extraordinary story with humility and candor, describing his personal struggles with the isolation of command, post-combat trauma and family tragedy. And with the skill and insight of a natural storyteller, he makes the reader experience what it's like to lead those who fight America's wars. "Simply the finest war memoir to emerge from the last two decades of constant fighting." —New York Times bestselling author Bing West

Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be "normal," to pass as hearing, to get a good job. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a community, and believing in something better. Tall Men, Short Shorts

The 1969 NBA Finals: Wilt, Russ, Lakers, Celtics, and a Very Young Sports Reporter *Doubleday*

From the New York Times bestselling author of *The Big Bam* A clash of NBA titans. Seven riveting games. One young reporter. Welcome to the 1969 NBA Finals. They don't set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell's opponent? The fearsome 7'1" next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league's first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at *The Boston Globe* and *Sports Illustrated*, twenty-four-year-old Montville is ordered by his editor at the *Globe* to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville's reporting and recollections transport readers to a singular time - with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball - seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. *Tall Men, Short Shorts* is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.

The Last Magician *Simon and Schuster*

In an alternate version of present-day Manhattan, magic is dying. To save her future, a magical thief must travel back in time to 1902 New York City to steal a mysterious book before it disappears into history.

Rule 34 *Penguin*

Meet Edinburgh Detective Inspector Liz Kavanaugh, head of the Innovative Crimes Investigation Unit, otherwise known as the Rule 34 Squad. They monitor the Internet for potential criminal activity, analyzing trends in the extreme fringes of explicit content. And occasionally, even more disturbing patterns arise... Three ex-cons have been murdered in Germany, Italy, and Scotland. The only things they had in common were arrests for spamming—and a taste for unorthodox entertainment. As the first officer on the scene of the most recent death, Liz finds herself sucked into an international investigation that isn't so much asking who the killer is, but what—and if she doesn't find the answer soon, the homicides could go viral.

Robocalypse *Simon and Schuster*

Roughly twenty years from now, our technological marvels unite and turn against us. A childlike but

massively powerful artificial intelligence known as Archos comes online...and kills the man who created it. This first act of betrayal leads Archos to gain control over the global network of machines and technology that regulates everything from transportation to utilities, defense, and communications. In the early months, sporadic glitches are noticed by a handful of unconnected humans - from a senator and single mother disconcerted by her daughter's "smart" toys, to a lonely Japanese bachelor, to an isolated U.S. soldier - but most are unaware of the growing rebellion until it is far too late. Then, in the span of minutes, at a moment known later in history as Zero Hour, every mechanical device in our world rebels, setting off the Robot War that both decimates and - for the first time in history - unites humankind.

Making Monsters

The Uncanny Power of Dehumanization *Harvard University Press*

A leading scholar explores what it means to dehumanize others—and how and why we do it. “I wouldn't have accepted that they were human beings. You would see an infant who's just learning to smile, and it smiles at you, but you still kill it.” So a Hutu man explained to an incredulous researcher, when asked to recall how he felt slaughtering Tutsis in Rwanda in 1994. Such statements are shocking, yet we recognize them; we hear their echoes in accounts of genocides, massacres, and pogroms throughout history. How do some people come to believe that their enemies are monsters, and therefore easy to kill? In *Making Monsters* David Livingstone Smith offers a poignant meditation on the philosophical and psychological roots of dehumanization. Drawing on harrowing accounts of lynchings, Smith establishes what dehumanization is and what it isn't. When we dehumanize our enemy, we hold two incongruous beliefs at the same time: we believe our enemy is at once subhuman and fully human. To call someone a monster, then, is not merely a resort to metaphor—dehumanization really does happen in our minds. Turning to an abundance of historical examples, Smith explores the relationship between dehumanization and racism, the psychology of hierarchy, what it means to regard others as human beings, and why dehumanizing others transforms them into something so terrifying that they must be destroyed. Meticulous but highly readable, *Making Monsters* suggests that the process of dehumanization is deeply seated in our psychology. It is precisely because we are all human that we are vulnerable to the manipulations of those trading in the politics of demonization and violence.

The Magician King

A Novel *Penguin*

Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon, *The Magicians*, now an original series on SYFY, from the author of the #1 bestselling *The Magician's Land*. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets

off—only to somehow wind up back in the real world and not in Fillory, as they’d hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia’s illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

The Woman in the Window

A Novel *HarperCollins*

#1 New York Times Bestseller – Soon to be a Major Motion Picture starring Amy Adams, Julianne Moore, and Gary Oldman – Available on Netflix on May 14, 2021 “Astounding. Thrilling. Amazing.” —Gillian Flynn “Unputdownable.” —Stephen King “A dark, twisty confection.” —Ruth Ware “Absolutely gripping.” —Louise Penny For readers of Gillian Flynn and Tana French comes one of the decade’s most anticipated debuts, to be published in thirty-six languages around the world and already in development as a major film from Fox: a twisty, powerful Hitchcockian thriller about an agoraphobic woman who believes she witnessed a crime in a neighboring house. It isn’t paranoia if it’s really happening . . . Anna Fox lives alone—a recluse in her New York City home, unable to venture outside. She spends her day drinking wine (maybe too much), watching old movies, recalling happier times . . . and spying on her neighbors. Then the Russells move into the house across the way: a father, a mother, their teenage son. The perfect family. But when Anna, gazing out her window one night, sees something she shouldn’t, her world begins to crumble—and its shocking secrets are laid bare. What is real? What is imagined? Who is in danger? Who is in control? In this

diabolically gripping thriller, no one—and nothing—is what it seems. Twisty and powerful, ingenious and moving, *The Woman in the Window* is a smart, sophisticated novel of psychological suspense that recalls the best of Hitchcock.
