In the practice of neonatal medicine, as our technological capabilities as a group have advanced, our physical diagnostic skills have retreated. This malady is not unique to neonatal medicine. Training a group of excellent pediatric diagnosticians whose skills are supplemented by the current capabilities of medical technology is an urgent need for our subspecialty.

Physical Diagnosis in Neonatology | Medical Books

The quality standard for specialist neonatal care requires that the physical, psychological and social needs of babies and their families are at the heart of all care given. An integrated approach to provision of services is fundamental to the delivery of high quality care to babies in need of specialist neonatal

services (NICE, 2010) .
