Ibsen Hedda Gabler Full Text

Of all Ibsen's works, Hedda Gabler is the most detached, the most objective—a

character-study pure and simple. It is impossible—or so it seems to me—to extract any sort of general idea from it. One cannot even call it a satire, unless one is prepared to apply that term to the record of a "case" in a work of criminology.

Although Hedda Gabler is an example of perverted femininity, her situation illuminates what Ibsen considered to be a depraved society, intent on sacrificing to its own self-interest the freedom and
