**LG WM3488HW : 24
inch, 2.6 cu.ft. All-in-
One Front Load ...**

Water is needed in order for a combo model washer to perform the dry function. This is completely different from how a standard dryer would work. With a LG combo unit, cold water is used to condense the moisture in the air. If water is not supplied to the unit, the clothes will not be dried. The water taps should be fully open.

The LG WM3431HS ventless washer dryer combination is a great option for anyone who would love the convenience of having a washer and dryer at home, but isn't equipped for it. This means no special plumbing, no 220v

electrical outlet, and no dryer venting is needed. Even better, it is an all in one compact unit, so it requires very little space.
