Essentials of Contemporary Management McGraw-Hill Companies

Jones and George are dedicated to the challenge of "Making It Real" for students. As a team, they are uniquely qualified to write about the organizational challenges facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the

reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, "unboxed" stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

Essentials of Contemporary Management *McGraw-Hill Education*

Jones/George, *Essentials of Contemporary Management* is the concise edition of *Contemporary Management*. Jones and George are dedicated to the challenge of "Making It Real" for students. The authors present management in a way that keeps it relevant to students even if they lack exposure to a "real-life" management context. This is accomplished thru a diverse set of examples and the most popular feature of the text, "Manager as a Person" (Ch. 2). This chapter discusses managers as real people with their own personalities, strengths, weaknesses, opportunities, and problems. This theme is carried thru-out the remaining chapters. Discussions take place regarding the importance of Management Competencies the specific set of skills, abilities, and experiences that gives one manager the ability to perform at a higher level than another in a specific context. The themes of diversity, ethics, globalization, and information technology are integrated throughout.

Management Principles for Health Professionals *Jones & Bartlett Publishers*

Management Principles for Health Professionals is a practical guide for new or future practicing healthcare managers. The customary activities of the manager—planning, organizing, decision making, staffing, motivating, and budgeting—are succinctly defined, explained, and presented with detailed examples drawn from a variety of health care settings. Students will learn proven management concepts, techniques, models, and tools for managing individuals or teams with skill and ease. The Sixth Edition is loaded with all-new examples from real-world healthcare settings and covers many current topics such as: ? Emerging implications of the Patient Protection and Affordable Care Act of 2010. ? A template to track the areas of impact of this major law is presented; this enables a manager to identify the topics to monitor and to prepare responses to changes as they unfold. ? Developments concerning electronic health record initiatives ? Adapting and revitalizing one's career; ? Information concerning various staffing alternatives such as outsourcing and telecommuting, and updates the material concerning job descriptions and their application. New material has been added in the section on consultant's contracts and reports. ? Patient privacy and the detection and prevention of medical identity theft, and much more.

Pediatric Primary Care - E-Book *Elsevier Health Sciences*

Get an in-depth look at pediatric primary care through the eyes of a Nurse Practitioner! Pediatric Primary Care, 6th Edition guides readers through the process of assessing, managing, and preventing health problems in infants, children, and adolescents. Key topics include developmental theory, issues of daily living, the health status of children today, and diversity and cultural considerations. This sixth edition also features a wealth of new content and updates — such as a new chapter on pediatric pharmacology, full-color design and illustrations, new QSEN integration, updated coverage of the impact of the Affordable Care Act, a refocused chapter on practice management, and more — to keep readers up to date on the latest issues affecting practice today. Comprehensive content provides a complete foundation in the primary care of children from the unique perspective of the Nurse Practitioner and covers the full spectrum of health conditions seen in the primary care of children, emphasizing both prevention and management. In-depth guidance on assessing and managing pediatric health problems covers patients from infancy through adolescence. Four-part organization includes 1) an introductory unit on the foundations of global pediatric health, child and family health assessment, and cultural perspectives for pediatric primary care; 2) a unit on managing child development; 3) a unit on health promotion and management; and 4) a unit on disease management. Content devoted to issues of daily living covers issues that are a part of every child's growth — such as nutrition and toilet training — that could lead to health problems unless appropriate education and guidance are given. Algorithms are used throughout the book to provide a concise overview of the evaluation and management of common disorders.

Resources for providers and families are also included throughout the text for further information. Expert editor team well is well-versed in the scope of practice and knowledge base of Pediatric Nurse Practitioners (PNPs) and Family Nurse Practitioners (FNPs).

Contemporary Nursing

Issues, Trends, & Management *Mosby Incorporated*

Contemporary Nursing, Issues, Trends, & Management, 6th Edition prepares you for the rapidly evolving world of health care with a comprehensive yet focused survey of nursing topics affecting practice, as well as the issues facing today's nurse managers and tomorrow's nurse leaders. Newly revised and updated, Barbara Cherry and Susan Jacob provide the most practical and balanced preparation for the issues, trends, and management topics you will encounter in practice. Content mapped to the AACN BSN Essentials emphasizes intraprofessional teams, cultural humility and sensitivity, cultural competence, and the CLAS standards. Vignettes at the beginning of each chapter put nursing history and practice into perspective, followed by Questions to Consider While Reading This Chapter that help you reflect on the Vignettes and prepare you for the material to follow. Case studies throughout the text challenge you to apply key concepts to real-world practice. Coverage of leadership and management in nursing prepares you to function effectively in management roles. Career management strategies include advice for making the transition from student to practitioner and tips on how to pass the NCLEX-RN ® examination. Key terms, learning outcomes, and chapter overviews help you study more efficiently and effectively. Helpful websites and online resources provide ways to further explore each chapter topic. Coverage of nursing education brings you up to date on a wide range of topics, from the emergence of interactive learning strategies and e-learning technology, to the effects of the nursing shortage and our aging nursing population. Updated information on paying for health care in America, the Patient Protection and Affordable Care Act, and statistics on health insurance coverage in the United States helps you understand the history and reasons behind healthcare financing reform, the costs of healthcare, and current types of managed care plans. A new section on health information technology familiarizes you with how Electronic Health Records (EHRs), point-of-care technologies, and consumer health information could potentially impact the future of health care. Updated chapter on health policy and politics explores the effect of governmental roles, structures, and actions on health care policy and how you can get involved in political advocacy at the local, state, and federal level to help shape the U.S. health care system. The latest emergency preparedness and response guidelines from the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), and the World Health Organization (WHO) prepare you for responding to natural and man-made disasters.

Health Promotion Throughout the Life Span - E-Book *Elsevier Health Sciences*

Health Promotion Throughout the Life Span - E-Book

Food and Beverage Management *Routledge*

This introductory textbook provides a thorough guide to the management of food and beverage

outlets, from their day-to-day running through to the wider concerns of the hospitality industry. It explores the broad range of subject areas that encompass the food and beverage market and its five main sectors – fast food and popular catering, hotels and quality restaurants and functional, industrial, and welfare catering. New to this edition are case studies covering the latest industry developments, and coverage of contemporary environmental concerns, such as sourcing, sustainability and responsible farming. It is illustrated in full colour and contains end-of-chapter summaries and revision questions to test your knowledge as you progress. Written by authors with many years of industry practice and teaching experience, this book is the ideal guide to the subject for hospitality students and industry practitioners alike.

Managing and Using Information Systems

A Strategic Approach *John Wiley & Sons*

Managing & Using Information Systems: A Strategic Approach provides a solid knowledgebase of basic concepts to help readers become informed, competent participants in Information Systems (IS) decisions. Written for MBA students and general business managers alike, the text explains the fundamental principles and practices required to use and manage information, and illustrates how information systems can create, or obstruct, opportunities within various organizations. This revised and updated seventh edition discusses the business and design processes relevant to IS, and presents a basic framework to connect business strategy, IS strategy, and organizational strategy. Readers are guided through each essential aspect of information Systems, including information architecture and infrastructure, IT security, the business of Information Technology, IS sourcing, project management, business analytics, and relevant IS governance and ethical issues. Detailed chapters contain mini cases, full-length case studies, discussion topics, review questions, supplemental reading links, and a set of managerial concerns related to the topic.

Oxford Handbook of Clinical Dentistry *Oxford University Press, USA*

Essentials of Statistics for Business and Economics *Cengage Learning*

Trust the market-leading ESSENTIALS OF STATISTICS FOR BUSINESS AND ECONOMICS, 7th Edition to give you a foundation in statistics and an edge in today's competitive business world. The author's signature problem-scenario approach and reader-friendly writing style combine with proven methodologies, hands-on exercises, and real-world examples to take you deep into realistic business problems and help you solve them from an intelligent, quantitative perspective. Streamlined to focus on core topics, this new edition has been updated with new case problems, applications, and self-test exercises to help you master key formulas and apply the statistical methods you learn. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Human Resource Management

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

Business Communication Essentials *Pearson Education India*

Operations and Supply Chain Management for MBAs *John Wiley & Sons*

The seventh edition of Operations and Supply Chain Management for MBAs is the definitive introduction to the fundamental concepts of supply chain and operations management. Designed specifically to meet the needs of MBA students, this market-leading book offers clear presentation of topics such as process planning and design, capacity and location planning, schedule and inventory management, and enterprise resource planning. A strategic, conceptual approach helps readers comprehend the contemporary issues they will soon be facing in industry. This concisely-formatted volume enables instructors to customize their courses for the unique requirements of MBA programs. Each chapter integrates material directly into the text rather than sidebars, highlights, and other pedagogical devices to achieve a smooth, easy-to-read narrative flow. Carefully selected questions prompt discussions that complement the mature, more experienced nature of MBA students, while case studies and supplementary materials illustrate key concepts and practices. Topics such as outsourcing and global sourcing, the role of information technology, and global competitiveness strategies assist students to understand working and competing in the globalized economy.

Introduction to Sociology 2e

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

U.S. History

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Understanding Terrorism

Challenges, Perspectives, and Issues *SAGE Publications*

"[Gus Martin] has expertly curated the most important topics and sources in the field and put them together in an ideal manner to assist students in understanding the breadth and complexity of modern-day terrorism.
