That religion is economics.Robert Nelson, professor of public policy at the University of Maryland, examines this idea in Economics as Religion: From Samuelson to Chicago and Beyond. Today’s economists, says Nelson, serve as "the priesthood of a modern secular religion," forming the basis of America's core social value: economic efficiency.

The New Faith: A Review Of "Economics As Religion" By ...

The economics of religion concerns both the application of economic techniques to the study of religion and the relationship between economic and religious behaviours. The relationship between religion and economic behaviour was first identified by Max Weber who attributed the modern advent of capitalism to the Protestant reformation. Adam Smith laid the foundation for economic analysis for religion in The Wealth of Nations stating religious organisations are subject to market forces, incentive
