An Introduction to Sociolinguistics *Routledge*

In this best-selling introductory textbook, Janet Holmes and Nick Wilson examine the role of language in a variety of social contexts, considering both how language works and how it can be used to signal and interpret various aspects of social identity. Divided into three sections, this book explains basic sociolinguistic concepts in the light of classic approaches as well as introducing more recent research. This fifth edition has been revised and

updated throughout using key concepts and examples to guide the reader through this fascinating area, including: a new chapter on identity that reflects the latest research; a brand new companion website which is fully cross-referenced within this book, and which includes and video and audio materials, interactive activities and links to useful websites; updated and revised examples and exercises which include new material from Tanzania, Wales, Paraguay and Timor-Leste; fully updated further reading and references sections. An Introduction to Sociolinguistics is the essential introductory text for all students of sociolinguistics and a splendid point of reference for students of English language studies, linguistics and applied linguistics.

An Introduction to Sociolinguistics *John Wiley & Sons*

Fully updated to reflect the most recent scholarship in the field and revised to include many more pedagogical features, An Introduction to Sociolinguistics, 7th Edition builds on its foundation as the most preeminent textbook in sociolinguistics, updated for today's students. • Significantly revised discussions throughout each of the book's four key parts reflect the state of the field today • Includes new chapters on Pragmatics, Discourse Analysis, and Sociolinguistics and Education • Incorporates innovative new perspectives drawn from linguistic anthropology • Provides an accessible history of the development of sociolinguistic thought and how this fast-moving field is integral to our lives • Includes numerous opportunities for students to engage with ideas presented in the text through a new glossary, new Explorations and end-of-chapter exercises, links, and key concepts • New companion website includes links and resources for students

Research Methods in Sociolinguistics

A Practical Guide *John Wiley & Sons*

This single-volume guide equips students of sociolinguistics with a full set of methodological tools including data collection and analysis techniques, explained in clear and accessible terms by leading experts. It features project suggestions, troubleshooting tips, and data assessment across diverse languages. Explores an array of anthropological and scientific methods that cover the full spectrum of contemporary sociolinguistics, from the study of style and discourse analysis to the study of phonetics Details the types of data available, and explains collection methods ranging from sociolinguistic interviews to linguistic landscapes Provides comprehensive coverage of data analysis, subdivided into segments on linguistic and socio-cultural techniques, and linked to numerous languages Includes useful summaries, seasoned advice and troubleshooting tips, ideas for research projects, and a full directory of supplementary reading

Power and Politeness in the Workplace

A Sociolinguistic Analysis of Talk at Work *Routledge*

Power and Politeness in the Workplace has become established as a seminal text for courses in language and professional communication. Co-authored by bestselling author Janet Holmes, this text provides insights into the way we all talk at work, including a wealth of material illustrating the way people communicate with each other in their ordinary everyday encounters in their workplaces. The analysis focuses, in particular, on how and why people "do" power and politeness in the workplace, and examines the discourse strategies involved in balancing the competing demands of meeting workplace objectives and getting things done on time with maintaining good collegial workplace relationships. Drawing on a large and very varied corpus of data collected in a wide range of workplaces, the authors explore specific types of workplace talk, such as giving advice and instructions, solving problems, running meetings and making decisions. Attention is also paid to the important contribution of less obviously relevant types of workplace talk such as humour and small talk, to the construction of effective workplace relationships. In the final chapter some of the practical implications of the analyses are identified. This Routledge Linguistics Classic is here reissued with a new preface from the authors, covering the methods of analysis, an update on the Language in the Workplace project and a look at the work in the context of recent research. Power and Politeness in the Workplace continues to be a vital read for researchers and postgraduate students in the fields of applied linguistics and communication studies.

Leadership, Discourse, and Ethnicity *OUP USA*

This is the first book in the field of workplace discourse to examine the relationships among leadership, ethnicity, and language use. Taking a social constructionist approach to the ways in which leadership is enacted through discourse, Leadership, Discourse, and Ethnicity problematizes the concept of ethnicity and demonstrates the importance of context-particularly the community of practice-in determining what counts as relevant in the analysis of ethnicity. The authors analyse everyday workplace interactions supplemented by interview data to examine the ways in which workplace leaders use language to achieve their transactional and relational goals in contrasting "ethnicized" contexts, two of which are Maori and two European/Pakeha. Their analysis pays special attention to the roles of ethnic values, beliefs and orientations in talk.

Gendered Talk at Work

Constructing Gender Identity Through Workplace Discourse *John Wiley & Sons*

Gendered Talk at Work examines how women and men negotiate their gender identities as well as their professional roles in everyday workplace communication. written accessibly by one of the field's foremost researchers explores the ways in which gender contributes to the interpretation of meaning in workplace interaction uses original and insightfully analyzed data to focus on the ways in which both women and men draw on gendered discourse resources to enact a range of workplace roles illustrates how a qualitative analysis of workplace discourse can throw light on the many

ways in which workplace discourse provides a resource for constructing gender identity as one component of our complex socio-cultural identity

Grammatical Categories and Cognition

A Case Study of the Linguistic Relativity Hypothesis Cambridge University Press

John Lucy uses original, empirical data to examine the Sapir-Whorf linguistic relativity hypothesis: the proposal that the grammar of the particular language that we speak affects the way we think about reality. The author compares the grammar of American English with that of the Yucatec Maya, an indigenous language spoken in Southeastern Mexico, focusing on differences in the number marking patterns of the two languages. He then identifies distinctive patterns of thought relating to these differences by means of a systematic assessment of memory and classification preferences among speakers of both languages.

Language in the Trump Era

Scandals and Emergencies Cambridge University Press

By examining Trump's verbal techniques, this book illuminates how he employs words to power his presidency whilst scandalizing the world.

Language in Society

An Introduction to Sociolinguistics OUP Oxford

Why have 1500 separate languages developed in the Pacific region? Why do Danes understand Norwegians better than Norwegians understand Danish? Is Ebonics a language or a dialect? Linguistics tends to ignore the relationship between languages and the societies in which they are spoken, while sociology generally overlooks the role of language in the constitution of society. In this book Suzanne Romaine provides a clear, lively, and accessible introduction to the field of sociolinguistics and emphasizes the constant interaction between society and language, discussing both traditional and recent issues including: language and social class, language and gender, language and education, and pidgins and creoles. The text shows how our linguistic choices are motivated by social factors, and how certain ways of speaking come to be vested with symbolic value and includes examples drawing on studies of cultures and languages all over the world. This new edition incorporates new material on current issues in the study of gender as well as other topics such as the linguistic dimension to the ethnic conflict in the Balkans, and the controversy over Ebonics in the United States.

Language and Gender Cambridge University Press

Updated and restructured new edition of a textbook for courses in language and gender which is accessible to non-linguists.

A Social History of English Routledge

A Social History of English is the first history of the English language to utilize the techniques, insights and concerns of sociolinguistics. Written in a non-technical way, it takes into account standardization, pidginization, bi- and multilingualism, the issues of language maintenance and language loyalty, and linguistic variation. This new edition has been fully revised. Additions include: * new material about 'New Englishes' across the world * a new chapter entitled 'A Critical Linguistic History of English Texts' * a discussion of problems involved in writing a history of English All terms and concepts are explained as they are introduced, and linguistic examples are chosen for their accessibility and intelligibility to the general reader. It will be of interest to students of Sociolinguistics, English Language, History and Cultural Studies.

Language Myths Penguin UK

A unique collection of original essays by 21 of the world's leading linguists. The topics discussed focus on some of the most popular myths about language: The Media Are Ruining English; Children Can't Speak or Write Properly Anymore; America is Ruining the English Language. The tone is lively and entertaining throughout and there are cartoons from Doonesbury andThe Wizard of Id to illustrate some of the points. The book should have a wide readership not only amongst students who want to read leading linguists writing about popular misconceptions but also amongst the large number of people who enjoy reading about language in general.

Introducing Sociolinguistics Routledge

This third edition of Miriam Meyerhoff's highly successful textbook provides a solid, up-to-date appreciation of the interdisciplinary nature of the field and covers foundation issues, recent advances and current debates. It presents familiar or classic data in new ways, and supplements the familiar with fresh examples from a wide range of languages and social settings. It clearly explains the patterns and systems that underlie language variation in use, as well as the ways in which alternations between different language varieties index personal style, social power and national identity. New features of the third edition: Every chapter has been revised and updated with current research in the field, including material on sexuality, polylinguaging and lifespan change; Additional Connections with theory and Facts: No, really? are included throughout; Data from sign languages, historical linguistics and Asia-Pacific sociolinguistics have been revised and expanded; A brand new companion website featuring more examples and exercises can be found at www.routledge.com/textbooks/meyerhoff. Chapters include exercises that enable readers to engage critically with the text, break-out boxes making connections between sociolinguistics and linguistic or social theory, and brief, lively add-ons guaranteed to make the book a memorable and enjoyable read. With a full glossary of terms and suggestions for further reading, this text gives students all the tools they need for an

excellent command of sociolinguistics. It can also be used in conjunction with The Routledge Sociolinguistics Reader, Doing Sociolinguistics and the online resources shared by all three books.

Women, Men and Politeness Routledge

Women, Men and Politeness focuses on the specific issue of the ways in which women and men express politeness verbally. Using a range of evidence and a corpus of data collected largely from New Zealand, Janet Holmes examines the distribution and functions of a range of specific verbal politeness strategies in women's and men's speech and discusses the possible reasons for gender differences in this area. Data provided on interactional strategies, 'hedges and boosters', compliments and apologies, demonstrates ways in which women's politeness patterns differ from men's, with the implications of these different patterns explored, for women in particular, in the areas of education and professional careers.

Sociolinguistics

New Zealand Ways of Speaking English Victoria University Press

This book examines the sociolinguistics and pragmatics of New Zealand English. The book details the structure and use of NZ English in a range of different social and regional contexts. Topics covered include the question of a New Zealand pidgin, changes in attitude to NZ English and differences in New Zealand women's and men's speech.

Language, Society and Power

An Introduction Routledge

Language, Society and Power is the essential introductory text for students studying language in a variety of social contexts. This book examines the ways in which language functions, how it influences thought and how it varies according to age, ethnicity, class and gender. It seeks to answer such questions as: How can a language reflect the status of children and older people? Do men and women talk differently? How can our use of language mark our ethnic identity? It also looks at language use in politics and the media and investigates how language affects and constructs our identities, exploring notions of correctness and attitudes towards language use. This third edition of this bestselling book has been completely revised to include recent developments in theory and research and offers the following features: a range of new and engaging international examples drawn from everyday life: beauty advertisements, conversation transcripts, newspaper headlines reporting on asylum seekers, language themed cartoons, and excerpts from the television programme South Park and satirical news website The Onion new activities designed to give students a real understanding of the topic a new chapter covering 'Student Projects' - giving readers suggestions on how to further explore the topics covered in the book updated and expanded further reading sections for each chapter and a glossary. While it can be used as a stand-alone text, this edition of Language, Society and Power has also been fully cross-referenced with the new companion title: The Language, Society and Power Reader. Together these books provide the complete resource for students of English language and linguistics, media, communication, cultural studies, sociology and psychology.

AN INTRODUCTION TO SOCIOLINGUISTICS

Editorial UNED

La presente obra ha sido concebida como manual para la asignatura de Sociolingüística de la Lengua Inglesa prestando especial atención a las características particulares de los alumnos que estudian en la UNED. De hecho, este material promueve una aproximación a la sociolingüística inglesa desde una perspectiva de trabajo autónomo, y en gran medida autodidacta, apoyándose en la lectura de una selección de fragmentos tomados de obras representativas para este campo de estudio. Este libro es una obra introductoria a la sociolingüística con especial atención a los países de habla inglesa. Así, abundan los ejemplos y referencias al estudio de esta disciplina en relación con la lengua inglesa, y frecuentemente se describen situaciones particulares en países de todo el mundo donde se usa el inglés como medio de comunicación. El objetivo primordial de este manual es proveer al estudiante de los principios sociolingüísticos básicos y las líneas de investigación más representativas que le permitan reflexionar sobre numerosas situaciones de interacción humana en las que la sociolingüística juega un papel destacado. Finalmente, se espera que al finalizar la lectura y estudio de este libro, el lector haya desarrollado el grado de sensibilidad necesario para percibir la presencia de rasgos sociolingüísticos en su interacción oral y escrita con otros hablantes de inglés.

A Sociolinguistics of the South Routledge

This book brings to life initiatives among scholars of the south and north to understand better the intelligences and pluralities of multilingualisms in southern communities and spaces of decoloniality. Chapters follow a longue durée perspective of human co-existence with communal presents, pasts, and futures; attachments to place; and insights into how multilingualisms emerge, circulate, and alter over time. Each chapter, informed by the authors' experiences living and working among southern communities, illustrates nuances in ideas of south and southern, tracing (dis-/inter-) connected discourses in vastly different geopolitical contexts. Authors reflect on the roots, routes and ecologies of linguistic and epistemic heterogeneity while remembering the sociolinguistic knowledge and practices of those who have gone before. The book re-examines the appropriacy of how theories, policies, and methodologies 'for multilingual contexts' are transported across different settings and underscores the ethics of research practice and reversal of centre and periphery perspectives through careful listening and conversation. Highlighting the potential of a southern sociolinguistics to articulate a new humanity and more ethical world in registers of care, hope, and love, this volume contributes to new

directions in critical and decolonial studies of multilingualism, and to re-imagining sociolinguistics, cultural studies, and applied linguistics more broadly.

Old English Breaking and its Germanic Analogues *Walter de Gruyter*

Over the past few decades, the book series Linguistische Arbeiten [Linguistic Studies], comprising over 500 volumes, has made a significant contribution to the development of linguistic theory both in Germany and internationally. The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses. To this end, we invite submission of high-quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions, discuss new data and advance the development of linguistic theory.

The Sociolinguistics of Identity *A&C Black*

Brand new in paperback this volume looks at the problematic and controversial area of identity, re-examining the analytical tools employed in sociolinguistic research.

Stance

Sociolinguistic Perspectives *OUP USA*

Stancetaking-or speaker positioning-is central to communication. This collected volume explores stancetaking as a sociolinguistic phenomenon, looking at how speakers use language to position themselves and others and exploring how speakers and writers make use of and sometimes transform the meaning of sociolinguistic variables in their acts of stance.

Language Matters *Bloomsbury Publishing*

This book provides a non-technical introduction to the study of language by focusing on questions such as: - Where does language come from? - Why don't we all talk the same? - Who needs grammar? Suitable for students with no experience of linguistics, this lively introduction to language approaches will encourage students to think.

Language Contact and Bilingualism *Amsterdam University Press*

What happens - sociologically, linguistically, educationally, politically - when more than one language is in regular use in a community? How do speakers handle these languages simultaneously, and what influence does this language contact have on the languages involved? Although most people in the world use more than one language in everyday life, the approach to the study of language has usually been that monolingualism is the norm. The recent interest in bilingualism and language contact has led to a number of new approaches, based on research in communities in many different parts of the world. This book draws together this diverse research, looking at examples from many different situations, to present the topic in any easily accessible form. Language contact is looked at from four distinct perspectives. The authors consider bilingual societies; bilingual speakers; language use in the bilingual community; finally language itself (do languages change when in contact with each other? Can they borrow rules of grammar, or just words? How can new languages emerge from language contact?). The result is a clear, concise synthesis offering a much-needed overview of this lively area of language study.

Sociolinguistics

A Resource Book for Students *Psychology Press*

Routledge English Language Introductionscover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings - all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections - introduction, development, exploration and extension - which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. Sociolinguistics: provides a comprehensive introduction to sociolinguistics draws on a wide range of real texts, from an interview with Madonna to articles in international newspapers and classroom discourse · uses real studies designed and conducted by students provides classic readings by the key names in the discipline from Milroy and Holmes to Fairclough and Cameron. Written by an experienced teacher and author, this accessible textbook is an essential resource for all students of English Language and Linguistics.

Negotiating Boundaries at Work

Talking and Transitions *Edinburgh University Press*

Focuses on transition talk and boundary crossing discourse in the modern workplace Moving between linguistic, professional and national boundaries is part of the daily reality of modern workplaces, where the concept of a 'job for life' is now outdated. Employees move between jobs, countries and even professions during their working lives, but the multilayered process of redefining personal, social and professional identities is not reflected in current workplace research. This volume brings together a range of scholars from different disciplinary areas in the field, examining the challenges of transition into a (new) workplace, team or community, as well as transitions within different professional communities. By analyzing the strategies

individuals adopt to navigate the boundaries they face (in languages, workplaces or countries), this book demonstrates that transitions are not linear but are negotiated and constructed in the situated ahere and now of workplace interaction, at the same time as they are positioned in the wider socioeconomic order.Key FeaturesFocuses on the urban workplace environment and workforce mobility Contributors approach transitions from a number of perspectives representing the range of work currently being undertaken in the areaA range of cases are discussed in each chapter

Second Language Needs Analysis *Cambridge University Press*

No language teaching program should be designed without a thorough analysis of the students' needs. The studies in this volume explore Needs Analysis in the public, vocational and academic sectors, in contexts ranging from service encounters in coffee shops to foreign language needs assessment in the U.S. military. In each chapter, the authors explicitly discuss the methodology they employed, and in some cases also offer research findings on that methodology. Several studies are task-based, making the collection of special interest to those involved in task-based language teaching. Contributions include work on English and other languages in both second and foreign language settings, as well as a comprehensive overview of methodological issues in Needs Analysis by the editor.

An Introduction to Language *John Wiley & Sons*

An Introduction to Language offers an engaging guide tothe nature of language, focusing on how language works - itssounds, words, structures, and phrases - all investigatedthrough wide-ranging examples from Old English to contemporary popculture. Explores the idea of a scientific approach to language,inviting students to consider what qualities of language compriseeveryday skills for us, be they sounds, words, phrases, orconversation Helps shape our understanding of what language is, howit works, and why it is both elegantly complex and essentialto who we are Includes exercises within each chapter to help readers explorekey concepts and directly observe the patterns that are part of allhuman language Examines linguistic variation and change to illustrate socialnuances and language-in-use, drawing primarily on examples fromEnglish Avoids linguistic jargon, focusing instead on a broader andmore general approach to the study of language, and making it idealfor those coming to the subject for the first time Supported by additional web resources - available uponpublication at <http://www.wiley.com/go/hazen/introlanguage>www.wiley.com/go/hazen/introlanguage/a- including student study aids and testbank and notes forinstructors

Duelling Languages

Grammatical Structure in Codeswitching *Oxford University Press*

As much a study in grammatical theory as of language in use, the aim of this book is to describe and explain intrasential codeswitching - the production of two or more languages within the same sentence.

Speaking Spanish in the US

The Sociopolitics of Language *Multilingual Matters*

This book introduces readers to basic concepts of sociolinguistics with a focus on Spanish in the US. The coverage goes beyond linguistics to examine the history and politics of Spanish in the US, the relationship of language to Latinx identities, and how language ideologies and policies reflect and shape societal views of Spanish and its speakers. Accessible to those with no linguistic background, this book provides students with a foundation in the study of language and society, and the opportunity to relate theoretical concepts to Spanish in the US in a range of contexts, including everyday speech, contemporary culture, media, education and policy. The book is a substantially revised and expanded 2nd edition of Spanish Speakers in the USA, including new chapters on the history of Spanish in the US, the demographics of Spanish in the US, and language policy; and expanded chapters on language ideologies, race, identity, media, and education.

The Handbook of Language, Gender, and Sexuality *John Wiley & Sons*

Significantly expanded and updated, the second editionof The Handbook of Language, Gender and Sexualitybrings together a team of the leading specialists in the field tocreate a comprehensive overview of key historical themes andissues, along with methodologies and cutting-edge researchtopics. Examines the dynamic ways that women and men develop and managegendered identities through their talk, presenting data and casestudies from interactions in a range of social contexts anddifferent communities Substantially updated for the second edition, including a newintroduction, 24 newly-commissioned chapters, ten updated chapters,and a comprehensive index Includes new chapters on research in non-English speakingcountries - from Asia to South America - andcutting-edge topics such as language, gender, and popular culture;language and sexual identities; and language, gender, andsocio-phonetics New sections focus on key themes and issues in the field, suchas methodological approaches to language and gender, incorporatingnew chapters on conversation analysis, critical discourse analysis,corpus linguistics, and variation theory Provides unrivalled geographic coverage and an essentialresource for a wide range of disciplines, from linguistics,psychology, sociology, and anthropology to communication and genderstudies

An Introduction to Psycholinguistics *Routledge*

Learning About Language is an exciting and ambitious series of introductions to fundamental topics in language, linguistics and related areas. The books are designed for students of linguistics and those who are studying language as part of a wider course. Cognitive Linguistics explores the idea that language reflects our experience of the world. It shows that our ability to use language is closely related to other cognitive abilities such as

categorization, perception, memory and attention allocation. Concepts and mental images expressed and evoked by linguistic means are linked by conceptual metaphors and metonymies and merged into more comprehensive cognitive and cultural models, frames or scenarios. It is only against this background that human communication makes sense. After 25 years of intensive research, cognitive-linguistic thinking now holds a firm place both in the wider linguistic and the cognitive-science communities. An Introduction to Cognitive Linguistics carefully explains the central concepts of categorization, of prototype and gestalt perception, of basic level and conceptual hierarchies, of figure and ground, and of metaphor and metonymy, for which an innovative description is provided. It also brings together issues such as iconicity, lexical change, grammaticalization and language teaching that have profited considerably from being put on a cognitive basis. The second edition of this popular introduction provides a comprehensive and accessible up-to-date overview of Cognitive Linguistics: Clarifies the basic notions supported by new evidence and examples for their application in language learning Discusses major recent developments in the field: the increasing attention paid to metonymies, Construction Grammar, Conceptual Blending and its role in online-processing. Explores links with neighbouring fields like Relevance Theory Uses many diagrams and illustrations to make the theoretical argument more tangible Includes extended exercises Provides substantial updated suggestions for further reading.

Politeness Phenomena in England and Greece

A Cross-Cultural Perspective *OUP Oxford*

A comparative case study of England and Greece which considers the extent to which the concept of politeness is common to different cultures. Maria Sifianou draws her data from a variety of sources, including literature (particularly drama), questionnaires, and personal observation. Her analysis supports the general claim that, despite popular stereotypes, there can be no objective verification for the view that one nation is more polite than another.

The SAGE Handbook of Sociolinguistics *SAGE Publications*

This Handbook answers a long-standing need for an up-to-date, comprehensive, international, in-depth critical survey of the history, trajectory, data, results and key figures involved in sociolinguistics. The result is a work of unprecedented coverage and insight. It is all here, from the foundational contributions to the field to the impact of new media, new technologies of communication, globalization, trans-border fluidities and agendas of research.

Language and Society

An Introduction *Oxford University Press*

Language and Society is a broad introduction to the interaction of language and society, intended for undergraduate students majoring in any academic discipline. The book discusses the complex socio-political roles played by large, dominant languages around the world and how the growth of major national and official languages is threatening the continued existence of smaller, minority languages. As individuals adopt new ways of speaking, many languages are disappearing, others are evolving into hybrid languages with distinctive new forms, and even long-established languages are experiencing significant change, with young speakers creating novel expressions and innovative pronunciations. Making use of a wide range of case studies selected from the Americas, Europe, Asia and Africa, Andrew Simpson describes and explains key factors causing language variation and change which relate to societal structures and the expression of group and personal identity. The volume also examines how speakers' knowledge of language acts as an important force controlling access to education, advances in employment and the development of social status. Additional topics discussed in the volume focus on the global growth of English, gendered patterns of language use, and the influence of language on perception.

Meaning and Linguistic Variation

The Third Wave in Sociolinguistics *Cambridge University Press*

Linguistic styles particularly variations in pronunciation, carry a wide range of meaning - from speakers' socio-economic class to their mood or stance in the moment. This book examines the development of the study of sociolinguistic variation, from early demographic studies to a focus on the construction of social meaning in stylistic practice. It traces the development of the 'Third Wave' approach to sociolinguistic variation, uncovering the

stylistic practices that underlie broad societal patterns of change. Eckert charts the development of her thinking and of the emergence of a theoretical community around the 'Third Wave' approach to social meaning. Featuring brand new material alongside earlier seminal work, it provides a coherent account of the social meaning of linguistic variation.

An Introduction to Sociolinguistics *John Wiley & Sons*

This comprehensive new edition of Wardhaugh's textbook incorporates additional study features and numerous new and updated references to bring the book completely up-to-date, whilst maintaining the features that made the book so popular with lecturers and students: accessible coverage of a wide range of issues, clearly written, and with useful student study features. A fully revised new edition of Ronald Wardhaugh's popular introduction to sociolinguistics, which now includes over 150 new and updated references and new study features throughout Features new "Explorations" sections in each chapter incorporating suggested readings, discussion sections, and exercises - all designed to encourage students to develop their own skills and ideas Reflects new developments in the field, providing greater focus on ideas such as identity, solidarity, and markedness Provides balanced coverage of a range of topics, including: language dialects, pidgins and Creoles, codes, bilingualism, speech communities, variation, words and culture, ethnographies, solidarity and politeness, talk and action, gender, disadvantage, and planning Comprehensive and accessible, it is the ideal introduction for students coming to sociolinguistics for the first time

The Sounds of Language

An Introduction to Phonetics *Routledge*

Phonetics is the scientific study of sounds used in language- how the sounds are produced, how they are transferred from the speaker to the hearer and how they are heard and perceived. The Sounds of Language provides an accessible, general introduction to phonetics with a special emphasis on English. Focusing on the phonetics of English, the first section allows students to get an overall view of the subject. Two standard accents of English are presented- RP (Received Pronunciation), the standard accent of England, and GA (General American), the standard accent throughout much of North America. The discussion is arranged so that students can read only the RP or GA portions, if desired. Sixteen additional accents of English spoken around the world are also covered to provide students with wider international coverage. The author then moves on to introduce acoustics phonetics in an accessible manner for those without a science background. The last section of the book provides a detailed discussion of all aspects of speech with extensive examples from languages around the world. Containing student-friendly features such as extensive exercises for practising the sounds covered in each chapter; a glossary of technical terms; instructions on how to write phonetic symbols; the latest International Phonetic Alphabet chart and a detailed list of English consonantal variants, The Sounds of Language provides an excellent introduction to phonetics to students of linguistics and speech pathology and students of English as a second language.

An Introduction to Language 10e *Cengage AU*

An Introduction to Language introduces students to the fascinating study of human language. Engagingly and clearly written, it provides an overview of the key areas of linguistics from an Australian perspective. Unique to this text, the International Phonetic Alphabet is represented by both HCE and MD versions, allowing lecturers to use whichever IPA system they prefer. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools au.cengage.com/mindtap

World Englishes *Routledge*

The third edition of World Englishes provides an engaging overview of the global variations in vocabulary, grammar, phonology and pragmatics of English as it is used worldwide. This book introduces the principles of linguistic variation and provides coverage on the roots of English, the spread of English, variations of English as a second language and trends for the future. Thoroughly updated throughout in line with recent research, this third edition now also includes: 43 audio examples of speakers of native (17) and of non-native (26) English reflecting the global variety of the language, available to download from www.routledge.com/9781138487659; descriptions of selected twenty-first century developing varieties including Chinese English, Russian English and Vietnamese English; greater linguistic detail on second-language English in many areas; improved and updated descriptions of first-language varieties; a new framework for describing lexical variation; full discussion throughout of English in social media. Offering a thorough and detailed descriptive account of all the main varieties of English across the globe, World Englishes provides a balanced discussion of political issues and the sociolinguistic background to variation in English spoken and written, face-to-face, on paper and online, in the twenty-first century. This book is essential reading for students approaching this topic for the first time.
