Diabetes The Comprehensive Self Management

Diabetes self-management education helps people to stay healthy and prevent costly complications, yet very few people with diabetes attend a course. Diabetes UK's & Taking Control campaign aims to increase the provision and uptake of diabetes self-management education, so that everyone with diabetes has the skills and confidence to take control of their condition.

Diabetes self-management education | Diabetes UK

Diabetes is a complex and challenging

disease that requires daily self-management decisions made by the person with diabetes. Diabetes self-management education and support (DSMES) addresses the comprehensive blend of clinical, educational, psychosocial, and behavioral aspects of care needed for daily self-management and provides the foundation to help all people with diabetes navigate their daily self-care with confidence and improved outcomes (1,2).
