Essential Guide to Prescription Drugs - Doctor in ...

Essential medicines, as defined by the World Health Organization (WHO), are the medicines that "satisfy the priority health care needs of the population". These are the medications to which people should have access at all times in sufficient amounts. The prices should be at generally affordable levels. Since 1977, the WHO has published a model list of essential medicines, with the current ...

Essential medicines - Wikipedia

Essential medicines, as defined by the WHO, are "those that satisfy the priority health care needs of the population.". The updated list adds 28 medicines for adults and 23 for children, expanding the number of medicines included in the list to 450. "While this figure may seem high, it corresponds to a fraction of the number of medicines available on the market," the WHO said in a press release.

Essential medicines: WHO updates list - Health Issues India

National Essential Medicines list, and most hospitals have their own hospital formularies serving as basis medicines supply. There is a need to promote the compliance with the national Essential Medicines List. The pharmaceutical services and management in hospitals are well organized to offer different functions supporting health care services.
