Enlightenment and Revolution. Enlightenment ideals of rationalism and intellectual and religious freedom pervaded the American colonial religious landscape, and these values were instrumental in the American Revolution and the creation of a nation without an established religion. The Enlightenment was a 17th and 18th century international movement in ideas and sensibilities, emphasizing the exercise of critical reason as opposed to religious dogmatism or unthinking faith.

Isaac Newton - HISTORY

The Age of Enlightenment dominated advanced thought in Europe from about the 1650s to the 1780s. It developed from a number of sources of "new" ideas, such as challenges to the dogma and authority of the Catholic Church and by increasing interest in the ideas of science, in scientific methods.

Education in the Age of Enlightenment - Wikipedia

Impact of the Scientific Revolution and the Age of Enlightenment During the Renaissance Age from the 1300s until the early 1500s, science was utilized to help people reach a better understanding of God and not of their surrounding world. Science was viewed as a branch of religion and scientific thought was based on faith.
