One of the best
document solutions for
going green is
document

management.

Document management turns hard copy papers into digital files that you can store, secure, and access securely. The process is incredibly efficient, saves every business money on printing and supplies, and reduces the environment's output burden. We call that a win/win/win.

Electronic Document Management is Strong and Growing. A recent Press Release on Market Watch indicates that, “In 2018, the global Document Management Software market size was 800 million US\$ and it is expected to reach 960 million US\$ by the end of 2025, with a CAGR of 2.5% during 2019-2025.. For a technology that’s been around since the 1980’s, that’s an astounding amount of growth.
