Trading Up by

Candace Bushnell - Goodreads

Bushnell's third novel, "Trading Up" is a wickedly funny social satire about a lingerie model whose reach exceeds her grasp and whose new-found success has gone to her head. The book takes place in the months leading up to 9/11, and portrays a wearily decadent society.

**Trading Up by
Bushnell, Candace**

With a brilliant comic voice as well as Jane Austen's penchant for social satire, Candace Bushnell, who with *Sex and the City* changed forever how we view New York City, female friendships, and the love of a good pair of Manolos, now brings us a sharply observant, keenly funny, wildly entertaining latter day comedy of manners. Trading Up is a pretty
standard chick lit book,
with fun details about
couture clothing and
posh Hamptons parties
(everything you'd
expect from Candace
Bushnell), but it also
includes a hunky polo
player and a great
main character.

Sorvino gives all of the
characters great voices
and she's a pleasure to
listen to.
