Subguard Versus Surety Bonding Bondpro Inc

Subguard or SDI solves the major drawback of surety bonding by accelerating the claims adjustment process. This is largely done by putting the ball in the insured's court. Instead of having the surety conduct their own investigation as is the case with a surety bond, it is the duty of the insured general contractor to present proof of loss to the insurer.

A Subcontractor Default Insurance ("SDI") can be considered as an alternative to surety bonds. When an owner requests an SDI coverage, it will receive a commitment by the general contractor and the company offering the service, that they will be partially responsible in the event of a default, but only in the portion related to completion of work.
