Bear in mind, reviewing testimonials can help you make notified decisions regarding what to read following and can reveal you to brand-new authors and categories you might not have actually thought about before.

Napoleon's Invasion of Russia *Presidio Press*

“An impressive source book on the conflict, high on information and data.”—Journal of the Society for Army Historical Research September 7, 1812, is by itself one of the most cataclysmic days in the history of war: 74,000 casualties at the Battle of Borodino. And this was well before the invention of weapons of mass destruction like machine guns or breech-loading rifles. In this detailed study of one of the most fascinating military campaigns in history, George Nazfiger includes a clear exposition on the power structure in Europe at the time leading up to Napoleon’s fateful decision to attempt what turned out to be impossible: the conquest of Russia. Also featured are complete orders of battle and detailed descriptions of the opposing forces.

Napoleon’s Invasion of Russia, 1812 *Pickle Partners Publishing*

Napoleon Bonaparte (1769-1821) is one of the most illustrated political and military figures of the last two millennia. He has remained in the memory of the world as a legend that the passage of the years has failed to blur. On the contrary, Napoleon Bonaparte widely continues to be considered the personification of human genius. Originally published in this English translation in 1942, leading Russian historian Evgeny Tarle details Napoleon’s military campaign to invade Russia in the early nineteenth century. “The campaign of 1812 was more frankly imperialistic than any other of Napoleon’s wars; it was more directly dictated by the interests of the French upper middle class. The war of 1796-7, the conquest of Egypt in 1798-9, the second Italian campaign, and the recent defeat of the Austrians could still be justified as necessary measures of defence against the interventionists. The Napoleonic press called the Austerlitz campaign ‘self-defence’ against Russia, Austria, and England. The average Frenchman considered even the subjugation of Prussia in 1806-7 no more than a just penalty inflicted on the Prussian court for the arrogant ultimatum sent by Frederick-William III to the ‘peace-loving’ Napoleon, constantly harried by troublesome neighbours. Napoleon never ceased to speak of the fourth conquest of Austria in 1809 as a ‘defensive’ war, provoked by Austrian threats. Only the invasion of Spain and Portugal was passed over in discreet silence. “The War of 1812 was a struggle for survival in the full sense of the word—a defensive struggle against the onslaughts of the imperialist vulture.”—E. V. Tarle

Napoleon's Invasion of Russia

Napoleon's Invasion of Russia, 1812 *Buccaneer Books*

Provides information about the Russian military campaign that began in 1812 and was led by Napoleon I or Napoleon Bonaparte (1769-1821), the emperor of the French, compiled by the Russian National Tourist Office. Notes that the campaign failed due to Napoleon's stretched supply lines and the Russian winter.

Napoleon's Invasion of Russia

Napoleon's Invasion of Russia *CreateSpace*

*Includes pictures*Includes accounts of the campaign written by French soldiers*Includes a bibliography for further reading*Includes a table of contents“The thunderstorms of the 24th turned into other downpours, turning the tracks——some diarists claim there were no roads in Lithuania——into bottomless mires. Wagon sank up to their hubs; horses dropped from exhaustion; men lost their boots. Stalled wagons became obstacles that forced men around them and stopped supply wagons and artillery columns. Then came the sun which would bake the deep ruts into canyons of concrete, where horses would break their legs and wagons their wheels.” - Richard K. RiehnFrench emperor Napoleon Bonaparte was not a man made for peacetime. By 1812, he had succeeded in subduing most of his enemies - though in Spain, the British continued to be a perpetual thorn in his flank that drained the Empire of money and troops - but his relationship with Russia, never more than one of mutual suspicion at best, had now grown downright hostile. At the heart of it, aside from the obvious mistrust that two huge superpowers intent on dividing up Europe felt for one another, was Napoleon's Continental blockade. Russia had initially agreed to uphold the blockade in the Treaty of Tilsit, but they had since taken to ignoring it altogether. Napoleon wanted an excuse to teach Russia a lesson, and in early 1812 his spies gave him just that: a preliminary plan for the invasion and annexation of Poland, then under French control.Napoleon wasted no time attempting to defuse the situation. He increased his Grande Armee to 450,000 fighting men and prepared it for invasion. On July 23rd, 1812, he launched his army across the border, despite the protestations of many of his Marshals. The Russian Campaign had begun, and it would turn out to be Napoleon's biggest blunder. Russia's great strategic depth already had a habit of swallowing armies, a fact many would-be conquerors learned the hard way. Napoleon, exceptional though he was in so many regards, proved that even military genius can do little in the face of the Russian winter and the resilience of its people. From a purely military standpoint, much of the campaign seemed to be going in Napoleon's favor since he met with little opposition as he pushed forwards into the interior with his customary lightning speed, but gradually this lack of engagements became a hindrance more than a help; Napoleon needed to bring the Russians to battle if he was to defeat them. Moreover, the deeper Napoleon got his army sucked into Russia, the more vulnerable their lines of supply, now stretched almost to breaking point, became. The Grande Armee required a prodigious amount of material in order to keep from breaking down, but the army's pace risked outstripping its baggage train, which was constantly being raided by Cossack marauders. Moreover, Napoleon's customary practice of subsisting partially off the land was proving to be ineffective: the Russians were putting everything along his line of advance, including whole cities, to the torch rather than offer him even a stick of kindling or sack of flour for his army. Napoleon was sure that taking Moscow would prompt the Russians to surrender. Instead, with winter on the way, the Russians appeared more bellicose than ever. Napoleon and his army lingered for several weeks in the burnt shell of Moscow but then, bereft of supplies and facing the very real threat of utter annihilation, Napoleon gave the order to retreat. By the time the Grande Armee had reached the Berezina, it had been decimated: of the over 450,000 fighting men that had invaded Russia that autumn, less than 40,000 remained. Napoleon's Invasion of Russia details the background leading up to the campaign, the fighting, and the aftermath of France's catastrophic defeat. Along with pictures of important people, places, and events, you will learn about the French invasion of Russia like never before.

Napoleon's Invasion of Russia *Ravenio Books*

A great historian examines Napoleon's failed invasion of Russia in 1812. This classic includes the following chapters: I. The Invasion of Russia (1811 to June, 1812) II. Smolensk and Valutino (August, 1812) III. Borodino (September 1-7, 1812) IV. Moscow (Sep 8 to Oct 19, 1812) V. Maloyaroslavez (Oct 19 to Nov 14, 1812) VI. The Beresina (Nov 15, 1812, to Jan 31, 1813)

1812--Napoleon's Invasion of Russia *Greenhill Books/Lionel Leventhal*

This volume brings together Austin's atmospheric trilogy on Napoleon's Russian campaign, allowing the reader to trace the course of Napoleon's doomed soldiers from the crossing of the Niemen in 1812 to the finale in the depths of a Russian winter.

Narrative of Events During the Invasion of Russia by Napoleon Bonaparte and the Retreat of the French Army, 1812

Napoleon's Russian Campaign of 1812 *e-artnow*

Napoleon’s Russian Campaign of 1812 is a historical account of the French invasion of Russia which was undertaken by Napoleon to force Russia back into the Continental blockade of the United Kingdom. On 24 June 1812 and the following days, the first wave of the multinational Grande Armée crossed the border into Russia with somewhere around 600,000 soldiers, the opposing Russian field forces amounted to around 180,000–200,000 at this time. Through a series of long forced marches,

Napoleon pushed his army rapidly through Western Russia in a futile attempt to destroy the retreating Russian Army of Michael Andreas Barclay de Tolly, winning just the Battle of Smolensk in August. Under its new Commander in Chief Mikhail Kutuzov, the Russian Army continued to retreat employing attrition warfare against Napoleon forcing the invaders to rely on a supply system that was incapable of feeding their large army in the field. The fierce Battle of Borodino, seventy miles west of Moscow, was a narrow French victory that resulted in a Russian general withdrawal to the south of Moscow near Kaluga. On 14 September, Napoleon and his army of about 100,000 men occupied Moscow, only to find it abandoned, and the city was soon ablaze. Napoleon stayed in Moscow for 5 weeks, waiting for a peace offer that never came. Lack of food for the men and fodder for the horses, hypothermia from the bitter cold and guerilla warfare from Russian peasants and Cossacks led to great losses. Three days after the Battle of Berezina, only around 10,000 soldiers of the main army remained. On 5 December, Napoleon left the army and returned to Paris.

Napoleon's Invasion of Russia ...

Napoleon's Invasion of Russia

Part of the acclaimed "Special Campaign" series of works intended for serious professional students of military history each volume is interspersed with strategical and tactical comments and illustrated by numerous sketches. The military lessons of the Russian campaign are numerous. In its general features, in the grandeur of its conception, and in some respects in its execution, as well as in its abysmal end, this gigantic invasion was splendid and awe-inspiring. Who can contemplate unmoved the sublime spectacle of that mighty human stream pouring across Europe into Russia, fighting its way to Moscow, and its shattered remnants struggling back across the Berezina, in worst icy flood so many thousand lives were quenched in circumstances of tragic horror. The dramatic figure of the Great Emperor, standing in the snow during the retreat, domination the situation by the mere terror of his personality, will stand out for ever on the page of history. The fortitude in the retreat of Ney, what warrior of transcendent courage, who, asked were the rearguard, replied in all truth "I am the rearguard"; and in response to a summons to surrender "A Marshal of France never surrenders " furnishes one of the finest episodes of this dramatic epoch. The Causes of War - Preparations for War - The Opposing Forces - The Theatre of War - The Invasion of Lithuania - The Advance to the Dwina - From the Dwina to the Dnieper - The Battle of Smolensk - The Advance to Borodino - The Battle of Borodino - The Occupation of Moscow - From Moscow to Maloyaroslavetz - The Retreat to Smolensk - From Smolensk to Borisov - The Passage of the Berezina - From the Berezina to the Niemen - The Causes of Failure. Maps and Plans: 1. Map of the Theatre of Operations. 2. Map to Illustrate the Operations round Smolensk. 3. Plan of Smolensk and its Environs. 4. The Battle of Borodino. 5. From Moscow to Smolensk. 6. The Passage of the Berezina.

Napoleon's Invasion of Russi

The beginning of the end of the Napoleonic Age This is a work of military analysis written by a well known historian of his time. Burton had a fascination for both the spectacular magnitude of the Russian invasion and the magnificent hubris of the man who conceived and drove it onwards to destruction. Nevertheless, he has given a considered view of the events of his subject to his readers and whilst all such academic evaluations are subjective, he has taken great care in preparation of his conclusions to refer to Russian sources including Bogdanovich's history of the war and French sources including Segur, Fezensac and many others. Perhaps, most significantly in preparation for this work, Burton traversed the route of the French Grand Army in its march to Moscow so that he could appreciate its challenges at first hand. This is a valuable evaluation of a famous Napoleonic Campaign. Available in soft cover and hard cover with dust jacket for collectors.

Adam Zamoyski’s bestselling account of Napoleon’s invasion of Russia and his catastrophic retreat from Moscow, events that had a profound effect on European history.

French Invasion Of Russia Independently Published

Napoleon's Russian Campaign of 1812 was one of the greatest disasters in military history. Count Ivan Fyodorovich Paskevich-Yerevansky, Serene Prince of Warsaw was an Imperial Russian military leader. For his victories, he was made Count of Yerevan in 1828 and Namestnik of the Kingdom of Poland in 1831. He attained the rank of field marshal in the Russian army, and later in the Prussian and Austrian armies. What's inside Paskevich's memoirs of Napoleon's Russian campaign begin with the preparations for war with France and his appointment as commander of the 26th Infantry Division in General Nikolay Raevsky's 7th Corps. Although Paskevich's memoirs do not cover Napoleon's retreat in the Russian winter, they provide a key insight into the frontline of several major battles during Napoleon's advance into Russia in the summer of 1812. It is one of the most important Russian sources for Napoleon's invasion of Russia and brings to life the events fictionalized by Leo Tolstoy in War and Peace, the great romantic novel on Russia's experience of the Napoleonic Wars.

Notes of the 1812 Campaign

Notes of the 1812 Campaign General Ivan Paskevich (1782-1856) is one of the most decorated officers in the history of the Imperial Russian Army. At the age of 30, he commanded the 26th Infantry Division during Napoleon's invasion of Russia in 1812 and played a key role at the Battles of Smolensk and Borodino. In Notes of the 1812 Campaign, Paskevich's vivid account of the French invasion of Russia is available for the first time in English translation. This book serves a key source for historians seeking Russian perspectives on the Napoleonic Wars. Paskevich's memoirs are also a captivating read for readers interested in Russian military history and Russian history in general. What's inside Paskevich's memoirs of Napoleon's Russian campaign begins with the preparations for war with France and his appointment as commander of the 26th Infantry Division in General Nikolay Raevsky's VII Corps. Paskevich charts the long retreat of the Second Army under the command of Prince Pyotr Bagration, one of the most impressive achievements in Russian military history. He describes the heroic deeds of General Platov and Neverovsky fighting brave rearguard actions to slow down the advance of the Grande Armée. In his vivid description of the Battle of Saltanovka, Paskevich offers insights into the military strategy and tactics which shaped Napoleonic warfare. The narrative goes on to describe the Battle of Smolensk in great detail, where Paskevich's men were at the front line defending the walls of Smolensk. For two days the Russian army held Napoleon at bay before resuming their retreat to Moscow. Paskevich's Notes of the 1812 Campaign ends with the climactic Battle of Borodino, one of the greatest in the annals of Russian military history. The two

armies commanded by Field Marshal Mikhail Kutuzov and the Emperor Napoleon clashed on 7 September 1812 in one of history's bloodiest engagements. In the battle Paskevich's Division suffered terrible casualties while defending the Raevsky Redoubt, the main defensive position of the Russian army. Although Paskevich's memoirs do not cover Napoleon's retreat in the Russian winter, they provide a key insight into the frontline of several major battles during Napoleon's advance into Russia in the summer of 1812. It is one of the most important Russian sources for Napoleon's invasion of Russia and brings to life the events fictionalised by Leo Tolstoy in War and Peace, the great romantic novel on Russia's experience of the Napoleonic Wars.

*Includes pictures *Includes accounts of the fighting written by soldiers and generals *Includes a bibliography for further reading *Includes a table of contents French emperor Napoleon Bonaparte was not a man made for peacetime. By 1812, he had succeeded in subduing most of his enemies - though in Spain, the British continued to be a perpetual thorn in his flank that drained the Empire of money and troops - but his relationship with Russia, never more than one of mutual suspicion at best, had now grown downright hostile. At the heart of it, aside from the obvious mistrust that two huge superpowers intent on dividing up Europe felt for one another, was Napoleon's Continental blockade. Russia had initially agreed to uphold the blockade in the Treaty of Tilsit, but they had since taken to ignoring it altogether. Napoleon wanted an excuse to teach Russia a lesson, and in early 1812 his spies gave him just that: a preliminary plan for the invasion and annexation of Poland, then under French control. Napoleon wasted no time attempting to defuse the situation. He increased his Grande Armee to 450,000 fighting men and prepared it for invasion. On July 23rd, 1812, he launched his army across the border, despite the protestations of many of his Marshals. The Russian Campaign had begun, and it would turn out to be Napoleon's biggest blunder. Russia's great strategic depth already had a habit of swallowing armies, a fact many would-be conquerors learned the hard way. Napoleon, exceptional though he was in so many regards, proved that even military genius can do little in the face of the Russian winter and the resilience of its people. Napoleon's Russian adventure gutted his veteran army, depriving him of the majority of his finest and most loyal soldiers. Those who remained formed the hard core of his new armies, but the Russian fiasco damaged their health and embittered their previously unquestioning loyalty. Napoleon raised vast new armies, but circumstances compelled him to fill the ranks with raw recruits, whose fighting skills did not equal their undoubted bravery and whose dedication to the Napoleonic cause was shaky, and in many cases due solely to coercion. The tough, experienced, faithful veteran found himself outnumbered by unwilling, sketchily trained amateurs. These factors set the stage for the second setback, which essentially sealed the fate of Napoleon's empire. The four-day Battle of Leipzig in October 1813, romantically but accurately dubbed the "Battle of the Nations," proved the decisive encounter of the War of the Sixth Coalition and essentially determined the course the Napoleonic Wars took from that moment forward. All the belligerents showed awareness that the European conflict's climax was at hand: "There was keen determination in Prussia to exact revenge for the humiliation visited by Napoleon, but enthusiasm for armed struggle that would bring the eviction of the French found enthusiastic response throughout the German states. [...] To minimize his army's exposure and purchase time to rebuild, Napoleon might have stood on the defensive, but he followed his standard strategy of deciding the campaign with a bold advance to achieve decisive victory in one stroke." (Tucker, 2011, 302). The resultant collision was the single largest field action of the Napoleonic Wars, dwarfing Waterloo in size, complexity, and overall importance. The Battle of Leipzig was probably the combat which involved the highest concentration of men on a single extended battlefield on the planet up to that point in history, and would not be exceeded until the vast struggles of the First World War almost precisely a century later. The French Invasion of Russia and the Battle of Leipzig details the background leading up to the campaign, the fighting, and the aftermath of France's catastrophic defeat. Along with pictures of important people, places, and events, you will learn about the Battle of Leipzig like never before.

Napoleon's Invasion of Russia (Classic Reprint) Forgotten Books

Excerpt from Napoleon's Invasion of Russia In a different category again are the writings of the two great theoretic strategists who took part in the campaign, J omini and Clausewitz. The former has greatly marred his Life of Napoleon by pretending that the Emperor is telling his own story: hence one hardly knows whether the excuses put forward for Napoleon's mistakes are merely dramatic, or represent the writer's real opinion. Never theless his pages give a good compendious View of the whole campaign, fuller of facts, though for that very reason less clear in outline, than that of Clausewitz. The book of the latter contains his own personal experiences he took part in the Russian retreat on Moscow, and was then sent off on other duty - mixed up with an admirable summary of the campaign, with criticisms on the general strategy of both parties. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Russia Against Napoleon Penguin UK

'A compulsive page-turner ... a triumph of brilliant storytelling ... an instant classic that is an awesome, remarkable and exuberant achievement' Simon Sebag Montefiore Winner of the Wolfson History Prize and shortlisted for the Duff Cooper Prize In the summer of 1812 Napoleon, the master of Europe, marched into Russia with the largest army ever assembled, confident that he would sweep everything before him. Yet less than two years later his empire lay in ruins, and Russia had triumphed. This is the first history to explore in depth Russia's crucial role in the Napoleonic Wars, re-creating the epic battle between two empires as never before. Dominic Lieven writes with great panache and insight to describe from the Russians' viewpoint how they went from retreat, defeat and the burning of Moscow to becoming the new liberators of Europe; the consequences of which could not have been more important. Ultimately this book shows, memorably and brilliantly, Russia embarking on its strange, central role in Europe's existence, as both threat and protector - a role that continues, in all its complexity, into our own lifetimes.

Napoleon's Invasion of Russia

Provides information about the Russian military campaign that began in 1812 and was led by Napoleon I or Napoleon Bonaparte (1769-1821), the emperor of the French, compiled by the Russian National Tourist Office. Napoleon's Invasion of Russia *Nabu Press*
This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Moscow 1812 *Harper Collins*
Napoleon dominated nearly all of Europe by 1810, largely succeeding in his aim to reign over the civilized world. But Britain eluded him. To conquer the island nation, he needed Russia's Tsar Alexander's help. The Tsar refused, and Napoleon vowed to teach him a lesson by intimidation and force. The ensuing invasion of Russia, during the frigid winter of 1812, would mark the beginning of the end of Napoleon's empire. Although his army captured Moscow after a brutal march deep into hostile territory, it was a hollow victory for the demoralized troops. Napoleon's men were eventually turned back, and their defeat was a momentous turning point in world affairs. Dramatic, insightful, and enormously absorbing, Moscow 1812 is a masterful work of history.

DIARY OF A NAPOLEONIC FOOT SOLDIER *Doubleday*
A grunt's-eye report from the battlefield in the spirit of The Red Badge of Courage and All Quiet on the Western Front—the only known account by a common soldier of the campaigns of Napoleon's Grand Army between 1806 and 1813. When eighteen-year-old German stonemason Jakob Walter was conscripted into the Grand Army of Napoleon, he had no idea of the trials that lay ahead. The long, grueling marches in Prussia and Poland sacrificed countless men to Bonaparte's grand designs. And the disastrous Russian campaign tested human endurance on an epic scale. Demoralized by defeat in a war few supported or understood, deprived of ammunition and leadership, driven past reason by starvation and bitter cold, men often turned on one another, killing fellow soldiers for bread or an able horse. Though there are numerous surviving accounts of the Napoleonic Wars written by officers, Walter's is the only known memoir by a draftee, and as such is a unique and fascinating document—a compelling chronicle of a young soldier's loss of innocence as well as an eloquent and moving portrait of the profound effects of war on the men who fight it. Professor Marc Raeff has added an Introduction to the memoirs as well as six letters home from the Russian front, previously unpublished in English, from German conscripts who served concurrently with Walter. The volume is illustrated with engravings and maps, contemporary with the manuscript, from the Russian/Soviet and East European collections of the New York Public Library. Honest, heartfelt,

deeply personal yet objective, The Diary of a Napoleonic Foot Soldier is more than an informative and absorbing historical document—it is a timeless and unforgettable account of the horrors of war.

Napoleon's Army in Russia *Pen & Sword*
In 1812 Napoleon's magnificent army invaded Russia. Among the half a million men who crossed the border was Albrecht Adam, a former baker, a soldier and, most importantly for us, a military artist of considerable talent. As the army plunged ever deeper into a devastated Russia Adam sketched and painted. In all he produced 77 colour plates of the campaign and they are as fresh and dramatic as the day they were produced. They show troops passing along dusty roads, bewildered civilians, battles and their bloody aftermath, burning towns and unchecked destruction. The memoirs which accompany the plates form a candid text describing the war Adam witnessed. Attached to IV Corps, composed largely of Italians, he was present at all the major actions and saw the conquerors march triumphantly into Moscow. But, from then on, the invading army's fate was sealed and the disastrous outcome of the war meant that the year 1812 would become legendary as one of the darkest chapters in history.

Napoleon's Invasion of Russia. with Maps and Plans - Scholar's Choice Edition
This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Napoleon's Invasion of Russia, 1812; Tr. by G.D.

The Burning of Moscow *Pen and Sword*
As soon as Napoleon and his Grand Army entered Moscow, on 14 September 1812, the capital erupted in flames that eventually engulfed and destroyed two thirds of the city. The fiery devastation had a profound effect on the Grand Army, but for thirty-five days Napoleon stayed, making increasingly desperate efforts to achieve peace with Russia. Then, in October, almost surrounded by the Russians and with winter fast approaching, he abandoned the capital and embarked on the long, bitter retreat that destroyed his army. The month-long stay in Moscow was a pivotal moment in the war of 1812 the moment when the initiative swung towards the Tsar's armies and spelled doom for the invading Grand Army yet it has rarely been studied in the same depth as the other key events of the campaign.Alexander Mikaberidze, in this third volume of his in-depth reassessment of the war between the French and Russian empires, emphasizes the importance of the Moscow fire and shows how Russian intransigence sealed the fate of the French army. He uses a vast array of French, German, Polish and Russian memoirs, letters and diaries as well as archival material in order to tell the dramatic story of the Moscow fire. Not only does he provide a comprehensive account of events, looking at them from both the French and Russian points of view, but he explores the Russians' motives for leaving, then burning their capital. Using extensive eyewitness accounts, he paints a vivid picture of the harsh reality of life in the remains of the occupied city and describes military operations around Moscow at this turning point in the campaign.
