Rumi

The Art of Loving

Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence; love is what moves life. His poetry expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and Joy of Longing; The Search; Who Am I?; The Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.

The Art of Loving a Black Woman *Xlibris Corporation*

The Art Of Loving A Black Woman was inspired by the many beautiful black women that I see in my urban community. I also intended this work of poetry to be a pedestal to promote the bonding of black men and women. I feel there is a need for black men to bring back respectable love for black women. A respect that stemmed from the bosom of Africa, on through slavery, but deteriorated in the 1980's and seems to be depleting in this twenty first century. I feel more men should step up to the plate and express the way they feel about the beauty and grace of our women. I decided to be one of those black men and this work of art is dedicated to the strong black mothers, sisters, daughters, and to the black community in general. I have tried to compile a complete 360 degree view of a black woman and a black man's feelings when pertaining to her. This 360 degree view is urban poetry inspired by relationships built upon marriage, sexual relationships, friendship relationships, courting relationships, spiritual relationships, erotic filled relationships, and most importantly love filled relationships. I find this is the ultimate poetry guide to aid black men in The Art Of Loving A Black Woman.

A General Theory of Love *Vintage*

This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. *A General Theory of Love* demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about

human intimacy.

Idol Limerence

The Art of Loving BTS As Phenomena

When an idol and fan stand face to face and the idol's mask comes off, is it simply the fan staring into a mirror, admiring their own reflection? Idol Limerence explores the mass phenomena of the Korean idol, in particular, BTS and how it intersects with the psychological experience of limerence, as originated by Dorothy Tennov. Further phenomena will be introduced with an exploration of persona as a link to a fantasy realm accessed by both idol and fan. Culminating in the exploration of the revolutionary capacity of BTS and their fan base, ARMY, who were created in their image. Echo's narrative spans from her first love as a child to falling in love with BTS as an adult, an experience she feels is largely out of her control. Idol Limerence is a love story wrapped in social theory that spans this universe and the next. Insperence is the space where the revolution can begin to take hold; insperence is where we can all become revolutionaries. In many ways, we already are. Idol Limerence: The Art of Loving BTS as Phenomena by Wallea Eaglehawk is a scholarly and literary work on the phenomenon that is BTS, the most popular and influential music group of our generation. Idol Limerence is a cognitive and emotional state of loving adoration and attachment to an Idol or celebrity. Echo, a young millennial woman, finds herself falling deeply in love with a group of blouse-wearing Korean men who sing, dance and dish out uncommon potent eye contact like it's a period drama. This book joins Echo on her journey from first love as a child to falling in love with K-pop group BTS as an adult. Echo learns just how and why she can't control her feelings towards BTS,

not that she really wants to; and this is not an isolated experience, she is not alone but part of BTS' fan base, ARMY. The theory of Idol Limerence is developed from the psychological idea of limerence and linked to sociological concepts of identity, persona, parasocial relationships, love and celebrity. The theory development is interwoven with the love narrative of Echo which shows how Idol Limerence can be a 'safe-love' alternative for millennials overwhelmed by loving and dating in a world on the brink of collapse. If the question is 'Why can't I stop thinking about what my life with BTS would look like?' Idol Limerence is the answer and becoming a revolutionary to save the world is the result.

The Lives of Erich Fromm

Love's Prophet *Columbia University Press*

Erich Fromm was a political activist, psychologist, psychoanalyst, philosopher, and one of the most important intellectuals of the twentieth century. Known for his theories of personality and political insight, Fromm dissected the sadomasochistic appeal of brutal dictators while also eloquently championing love—which, he insisted, was nothing if it did not involve joyful contact with others and humanity at large. Admired all over the world, Fromm continues to inspire with his message of universal brotherhood and quest for lasting peace. The first systematic study of Fromm's influences and achievements, this biography revisits the thinker's most important works, especially *Escape from Freedom* and *The Art of Loving*, which conveyed important and complex ideas to millions of readers. The volume recounts Fromm's political activism as a founder and major funder of Amnesty International, the National Committee for a Sane Nuclear Policy, and other peace groups. Consulting rare archival materials across the globe, Lawrence J. Friedman reveals Fromm's support for anti-Stalinist democratic movements in Central and Eastern Europe and his efforts to revitalize American democracy. For the first time, readers learn about Fromm's direct contact with high officials in the American government on matters of war and peace while accessing a deeper understanding of his conceptual differences with Freud, his rapport with Neo-Freudians like Karen Horney and Harry Stack Sullivan, and his association with innovative artists, public intellectuals, and world leaders. Friedman elucidates Fromm's key intellectual contributions, especially his innovative concept of 'social character,' in which social institutions and practices shape the inner psyche, and he clarifies Fromm's conception of love as an acquired skill. Taking full stock of the thinker's historical and global accomplishments, Friedman portrays a man of immense authenticity and spirituality who made life in the twentieth century more humane than it might have been.

The Myth of Closure: Ambiguous Loss in a Time of Pandemic and Change *W. W. Norton & Company*

How do we begin to cope with loss that cannot be resolved? The COVID-19 pandemic has left many of us haunted by feelings of anxiety, despair, and even anger. In this book, pioneering therapist Pauline Boss identifies these vague feelings of distress as caused by ambiguous loss, losses that remain unclear and hard to pin down, and thus have no closure. Collectively the world is grieving as the pandemic continues to change our everyday lives. With a loss of trust in the world as a safe place, a loss of certainty about health care, education, employment, lingering anxieties plague many of us, even as parts of the world are opening back up again. Yet after so much loss, our search must be for a sense of meaning, and not something as elusive and impossible as "closure." This book provides many strategies for coping: encouraging us to increase our tolerance of ambiguity and acknowledging our resilience as we express a normal grief, and still look to the future with hope and possibility.

Zen master Thich Nhat Hanh, bestselling author of *Peace is Every Step* and one of the most respected and celebrated religious leaders in the world, delivers a powerful path to happiness through mastering life's most important skill. How do we say what we mean in a way that the other person can really hear? How can we listen with compassion and understanding? Communication fuels the ties that bind, whether in relationships, business, or everyday interactions. Most of us, however, have never been taught the fundamental skills of communication—or how to best represent our true selves. Effective communication is as important to our well-being and happiness as the food we put into our bodies. It can be either healthy (and nourishing) or toxic (and destructive). In this precise and practical guide, Zen master and Buddhist monk Thich Nhat Hanh reveals how to listen mindfully and express your fullest and most authentic self. With examples from his work with couples, families, and international conflicts, *The Art of Communicating* helps us move beyond the perils and frustrations of misrepresentation and misunderstanding to learn the listening and speaking skills that will forever change how we experience and impact the world.
