Realism and constructivism, two key contemporary theoretical approaches to the study of international relations, are commonly taught as mutually exclusive ways of understanding the subject. Realist Constructivism explores the common ground between the two, and demonstrates that, rather than being in

simple opposition, they have areas of both tension and overlap.

Rethinking International Relations Theory : Martin ...

Rethinking International Relations is both an argument for a fresh theoretical approach to International Relations and an application of that theory to the changes in the international system brought about by the end of the Cold War. Fred Halliday's wide-ranging review identifies an impasse in International Relations theory: if debate has long revolved around the question of the state, and around a set of methodological issues, Halliday seeks to break through this double impasse by a new ...

Rethinking International Relations - Fred Halliday ...

Let us keep in mind that the main source of irrationality in international relations comes from these misperceptions and these dissonances which are all the more pernicious in that these confusions have a strategic dimension: imitation, conformism and even trickery are considered as useful for achieving international status, or quite simply for keeping it when it is threatened by

global change.

Identities, Borders, Orders — University of Minnesota Press

In *Rethinking International Relations*, Halliday, in the wake of that collapse, is attempting to do two things: on the one hand, to size up the field of ir against the claims of Marxism and its remains; on the other, to give an account of the nature of the Cold War and its end, in particular the astonishing evaporation of the ussr. This latter empirical exhibit is in turn designed to demonstrate the validity of his theoretical claims as well as sustain his political assessment of the
