1. Disagreement and Epistemology. Disagreement is philosophically interesting. In particular, it is interesting to those looking to analyze the norms of belief and knowledge. Disagreement is, then, epistemically significant. Disagreements come in many forms—there are disagreements between the more informed and less, and there are disagreements between those with good track records on the issue and those with less-than-good.

The Epistemic Significance of Disagreement - Syndicate

My aim in this paper is to explore the epistemic significance of disagreement. A central concern is whether the practice of retaining beliefs that are rejected by individuals over whom one claims no epistemic advantage is a defensible one. It is, of course, far from clear that the relevant practice is defensible.
