Structural Analysis III
The content of structural analysis III deepens the fundamentals of forces and deflections of statically indeterminate 2D and 3D structures. The main focus is on second order theory and 3-D-structures.

Structural Analysis III - Institute of Structural ...

Structural analysis is a powerful tool for early determination of detectability/isolability possibilities. This is important both to evaluate if the number

and placement of sensors is adequate in order to meet diagnosis specifications. Even though the structural information is very coarse, useful insights can be gained by analyzing the structure.
