Meter Location and Installation Guide - Southern Water

A water meter is a device that measures how much water you use. It is similar to your gas or electricity meter. Your supplier uses readings from the meter to calculate how much to charge you for

your water and sewerage services. If you have a meter, the amount you pay will depend on how much water you have used.

Water meters - your questions answered

Water. For service changes or questions concerning billing, email the Utility Billing Division or call 253-931-3038.

Auburn's water, unlike that of other cities, comes from deep well aquifers and springs. It is not dependent on the Cascade Mountains' snowpack replenishing open reservoirs.
