Ideas A History Of Thought

"Ideas" is an excellent synthesis of intellectual history from prehistoric times through the end of the nineteenth century. Although it seems to me to emphasize the Western contribution to the history of ideas, the book also covers ideas from the pre-Columbian Americas, from Asia and from the Middle East.

Intellectual history (also the history of ideas) is the study of the history of human thought and of intellectuals, people who conceptualize,

discuss, write about, and concern themselves with ideas. The investigative premise of intellectual history is that ideas do not develop in isolation from the thinkers who conceptualize and apply those ideas; thus the historian of intellect studies ideas in two contexts: (i) as abstract propositions for critical application; and (ii) in concrete terms ...

Intellectual history - Wikipedia

Greek philosophy derived from harmony in the cosmos, whilst Christian thinking emphasised the individual's discordant nature. Cartesian thought introduced equality, individualism, the value of work and most importantly subjectivity, the

individual's tabula rasa, and a rejection of tradition and authority as the basis of truth.
