Frankendom

Frankendom is a twisted seriously kinky BDSM twist, on the classic Frankenstein story. The author took me places that had me catching my breath, squirming in my seat. This book was intense. I fell in love with the characters.

FrankenDom - Kindle edition by Rotham, Robin L ...

FrankenDom seems to be a mix of contemporary romance, Sci-Fi and BDSM heavy on the M/s aspect. The medical part (which would be the part that is more Sci-Fi) touched the ethical and moral boundaries of Dr's and family, I feel the author could have explored more into the ethical

and moral issues which would have enhanced the story line.
