Abstract. Abstract. The high-rise apartment is considered to be a representative housing type in Korea and many people believe this housing type is inevitable because it provides convenience and economy without consuming vast amounts of scarce land resources. However, many debates have been arisen because some have expressed concern that high-rise living may jeopardize the health of residents.

Tower blocks: The ups and downs of high-rise living

Across Italy's major cities, its historic buildings are getting new neighbours – high-rise modern apartment blocks targeting young professionals and young families. In Milan, the Porta Nuova is in the midst of a building boom, with the much-lauded Bosco Verticale – twin residential towers adorned with vegetation – from U.S. developer Hines and investor Coima, the centrepiece.
