MITSUBISHI LANCER catalog - reviews, pics, specs and ...

Mitsubishi just doesn't seem to be able to get the hang of interior design, and the Lancer is typical in having a very dull cabin. The quality isn't great - the door handles seem very cheaply made, for example - and for some reason Mitsubishi still doesn't want to make its steering wheels adjustable for reach. If it did, the Lancer would be a much more comfortable car to drive.
