Final Ideas

On the whole, our company believe that Passive Of Reporting Verbs deserves a read, in spite of some minor defects. The unique storytelling design, relatable personalities, and plot spins make it a beneficial addition to your bookshelf. So, if you're searching for an exciting read, Passive Of Reporting Verbs is most definitely worth thinking about.

Evidentiality Revisited

Cognitive grammar, functional and discourse-pragmatic perspectives *John Benjamins Publishing Company*
Evidentiality Revisited focuses on semantic-pragmatic based frameworks for the study of evidentials and evidential strategies in European languages (Dutch, English, French, German, Italian, Lithuanian, Portuguese, Russian and Spanish). The book also presents discourse-pragmatic studies, with special emphasis on the use of evidential and epistemic expressions as resources for stancetaking in discourse. The volume addresses issues such as the relationship between the conceptual domains of evidentiality and epistemic modality, the role of evidential and epistemic resources in modelling stancetaking, the expression of speaker commitment to the validity status of the information, and the discourse-pragmatic variation of evidentiality

and epistemic modality in discourse domains and genres. The volume offers a collection of contributions in which cross-linguistic studies and corpus-based studies contribute to provide further insights into a usage-based account of linguistic reality.

The Teacher's Grammar of English with Answers

The Grammaring Guide to English Grammar with Exercises

Péter Simon

The Grammaring Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book, you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical forms to real-world meaning.

Using realistic academic contexts, each unit explains the key grammar in a clear and lively way, and checks understanding with easy-to-use practice exercises that build the user's confidence.

Deconstructing the English Passive *Walter de Gruyter*

This book analyzes the form and function of the English passive from a verb-based point of view. It takes the position that the various surface forms of the passive (with or without thematic subject, with or without object, with or without by-phrase, with or without auxiliary) have a common source and are determined by the interplay of the syntactic properties of the verb and general syntactic principles. Each structural element of the passive construction is examined separately, and the participle is considered the only defining component of the passive. Special emphasis is put on the existence of an implicit argument (ususally an agent) and its representation in the passive. A review of data from syntax, language acquisition, and psycholinguistics shows that the implicit agent is not just a conceptually understood argument. It is argued that it is represented at the level of argument structure and that this is what sets the passive apart from other patient-subject constructions. A corpus-based case study on the use of the passive in academic writing analyzes the use of the passive in this particular register. One of the findings is that about 20-25% of passives occur in constructions that do not require an auxiliary, a result that challenges corpus studies on the use of the passive that only consider full be-passives. It is also shown that new active-voice constructions have emerged that compete with the passive without having a more visible agent. The emergence of these constructions (such as "This paper argues...") is discussed in the context of changes in the rhetoric of scientific discourse. The book is mainly of interest to linguists and graduate students in the areas of English syntax, semantics, and pragmatics.

Next Generation, 2 ESO *Cambridge University Press*

English Unlimited Advanced A Combo with DVD-ROMs (2) *Cambridge University Press*

English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. Law, Language and the Courtroom**Legal Linguistics and the Discourse of Judges** *Routledge*

This book explores the language of judges. It is concerned with understanding how language works in judicial contexts. Using a range of disciplinary and methodological perspectives, it looks in detail at the ways in which judicial discourse is argued, constructed, interpreted and perceived. Focusing on four central themes - constructing judicial discourse and judicial identities, judicial argumentation and evaluative language, judicial interpretation, and clarity in judicial discourse - the book's ultimate goal is to provide a comprehensive and in-depth analysis of current critical issues of the role of language in judicial settings. Contributors include legal linguists, lawyers, legal scholars, legal practitioners, legal translators and anthropologists, who explore patterns of linguistic organisation and use in judicial institutions and analyse language as an instrument for understanding both the judicial decision-making process and its outcome. The book will be an invaluable resource for scholars in legal linguistics and those specialising in judicial argumentation and reasoning ,and forensic linguists interested in the use of language in judicial settings.

A Corpus-based Contrastive Study of the Appraisal Systems in English and Chinese Scientific Research Articles *Routledge*
Appraisal is the way language users express their attitude towards things, people, behaviour or ideas. In the last few decades, significant achievements have been made in Appraisal Theory research, yet little attention has been paid to appraisal in scientific texts, especially in relation to the contrast to how it is applied in English and Chinese. This title examines the similarities and differences of Appraisal systems in English and

Chinese scientific research articles. Using a self-constructed corpus of scientific research articles, the authors make cross-linguistic comparisons in terms of the quantity and distribution patterns of categories of appraisals. They creatively categorise articles into theoretical scientific research articles and applied studies and discover that for both languages, each genre can have its own favorite mode of distribution for the realization of appraisal systems. In addition, this research helps appraisal theory systems to become more explicit, specific, and more applicable for the analysis of scientific research articles. Students and scholars of applied linguistics, comparative linguistics and corpus linguistics will find this an essential reference.

CHOCOLATE

The Consuming Passion *Workman Publishing*
Wait. Sandra Boynton wrote a book about CHOCOLATE? For grown-ups? Oh YES! Boynton’s beloved classic returns, updated and redrawn by her for a whole new generation of chocophiles. In addition to her extensive new research, Boynton also nobly sourced and consumed untold quantities of great chocolate, with no thought for her own personal safety. Lavishly illustrated and filled with useful facts and cheerful misinformation, CHOCOLATE: The Consuming Passion is the absolute ideal gift for every true chocolate obsessive. Discover the many faces of chocolate—milk chocolate, dark chocolate, boxed chocolates, pretend chocolate, and the wild new frontier of small-batch craft chocolate. Learn about chocolate’s complex effects on the body, the psyche, and the soul. Prepare select simple recipes, such as “Hippo Pot de Mousse.” Learn how to grow your own chocolate, assuming you don’t mind relocating to within 15º of the Equator. There’s even a handy guide to saying “Excuse me, where is the nearest chocolate?” in eleven languages, including Klingon. (Nook-dock YOOCH dah-PULL?) Boldly go.
