Griftopia: A Story of Bankers, Politicians, and the Most ...

Overview. A brilliantly illuminating and darkly comic tale of the ongoing financial and political crisis in America. The financial

crisis that exploded in 2008 isn't past but prologue. The grifter class—made up of the largest players in the financial industry and the politicians who do their bidding—has been growing in power, and the crisis was only one terrifying manifestation of how they've hijacked America's political and economic life.

Griftopia: A Story of Bankers, Politicians, and the Most ...

Matt Taibbi has hit one out of the park with Griftopia, which comprises a number of longish political and financial pieces he wrote for Rolling Stone over the past three years. (Yes, oddly enough, thanks in large part to Taibbi and his colleague, Michael Hastings, who brought

down the command of Gen. Stanley McChrystal, Rolling Stone has again become one of the preeminent news-analysis organs of the Left.)
