This book witnesses to God at work among twentieth-century Anabaptists on two continents.

The Daniel Fast Devotional

A 21 Day Journey of Faith *CreateSpace*

Many begin the Daniel Fast (or ANY FAST) as a part of their New Year resolutions. Some churches even do it corporately, which is a wonderful thing. It is a great time to come

together in unity, denying yourself certain foods, all for the purpose of renewing your walk with the Savior. You want to clean out the old and make way for the new! Jesus also said that some things just do not come about by prayer alone! When the Church is fasting, the enemy is intimidated. Satan isn't worried one bit when we are content with the status quo. But if the Church ever realizes the power it possesses through prayer and fasting, the devil would be on the run! Fasting will change your life. It will draw you closer to God, help you see things about yourself that you need to change, allow God to dig out the ugly and replace it with His

grace, and lift those heavy burdens from you that you just don't need to carry or worry about any longer. With God's help, I have attempted to give you, the reader, a road map to follow that can be a help to you on this journey. Fasting isn't about just going without food. If done properly, it can propel you to new heights in your relationship with God. I pray you find this book a tool that you will refer to again and again as you make fasting a regular part of your spiritual life.

Strategies for Church Growth

Tools for Effective Mission and Evangelism *Wipf and Stock Publishers*

Why Plan Strategy? Is church growth theory incompatible with belief in the sovereignty of God? Does adherence to church growth principles leave out dependency upon the work of the Holy Spirit? C. Peter Wagner answers no to both questions. He further believes that no task could be more crucial than fulfilling the Great Commission in our generation, and how to approach and plan for the execution of this task is the questions of

the day. *Strategies for Church Growth* addresses this key issue in a biblically pragmatic way. It brings together for the first time many principles of evangelism and missions which have proved, through recent research and experience, to be effective in implementing the Great Commission. It also unifies, in concise form, the latest research of the Church Growth Movement, the Lausanne Committee on World Evangelization, the U.S. Center for World Mission and numerous other key contributors to the recent explosion of evangelistic technology. Among the topics explored are: - the major components of strategy - choosing

the appropriate strategy - advantages of having a strategy - the theology of church growth - the harvest principle and soil testing - why you should aim for church growth - characteristics of good goals - the meaning of mission and evangelism - how to target your outreach

Preparing for Growth and Marketing in Today's Church *Covenant Books, Inc.*

Churches are facing a crisis of epidemic proportions: attendance is dropping, empty pews are not being refilled, and doors are closing! Unfortunately, the leadership in today's churches are not trained, nor equipped, to handle this crisis. Leaders at all levels

must know how to be an effective leader and communicate in a 360-degree radius effectively with each person they are in contact with. Knowing and understanding what the objectives of the church are is of paramount importance. Planning for church growth is more than a simple prayer. Church growth starts with prayers, visions of where God wants the church to go, and an evaluation and analysis of where the church is. Unfortunately, not every church is prepared for growth and must take the necessary steps to be prepared for growth. Love sells itself, and love must be shown to all those who not only enter the church's doors, but throughout the community. Love is

not shown by being the loud carnival barker who is selling chances to win a stuffed animal, but by actions. Love is a warm smile, a heartfelt welcome, a firm handshake or hug, a short sweet introduction, a sincere inquiry about the person, and most importantly, love is listening. Love does not sell anything, especially denominationalism. The life cycle of the church must be understood, and leadership must know where the church is in the life cycle. In order to extend the church's life cycle, new ideas and services must be continuously developed and initiated in order to stay relevant. This relevancy leads to a strong brand for the

church. This book was developed with interviews and conversations with pastors and clergy from all walks of faith and from all areas of the United States. Regardless of the denomination, this book is designed to guide church leaders through the necessary steps in order to grow and market your church.

Effecting Church Growth Through Prayer

Prayer as a Church Growth Strategy

Church Growth Principles *GP Publisher*

Church growth is the will of God and a necessary part of the calling of the church. There are some who claim that there is too much emphasis on church growth in these

last days. These do not know the purpose and plan of God for His church. This is why I will begin this book by expatiating on the necessity of church growth. Also, many pastors today want to grow their churches but lack the wisdom to make it happen. Many have been pastors for years but have not been able to induce church growth. This is a common problem among pastors today. I have heard about some so called pastors who resorted to diabolical means to achieve church growth. This is foolishness! Some others have achieved church growth by trial and error but cannot say categorically how they did it, so they are unable to help others do the same and also

may be unable to sustain it. But through years of training and practice, God has given me revelation on how to achieve church growth irrespective of the present state of a church. Church growth is not automatic; it is a process that must be painstakingly understood. To be achieved, it must be approached systematically. In this book, I am going to impart to you the truth about church growth and give you infallible wisdom that you can implement anywhere in the world and get results.

Understanding the Principles of Church Growth *AuthorHouse*

The author of this work, Isaac Ojutalayo, has done his research on the subject of leadership and church growth. The contents of this book are the written evidence. The eleven chapters

embrace some of the most important and necessary things that leaders should learn and practise, whether they are ordained ministers or lay workers in the church. The principles he has written about can also be applied in circular organisation. This book reveals Dr Isaac Ojutalayo's academic achievement and experimental development. He has divided each chapter into readable sections that can be easily discussed and studied. The book is suitable for individuals and groups who are called by God to lead His people. Dr Isaac Ojutalayo is passionate that leaders be men and women of excellence, whether the congregation they lead is large or small. He stresses

communication, generosity, honesty, and continuing education with the highest level of trust, all essential elements of church growth. He points out repeatedly that the church and the world community are suffering from a crisis of leadership, that bold and honest leaders are needed in the church and in the marketplace, as well as in the home. In my analysis he has called for transformational leaders to rise up and effect change. It is very clear that he is saying that many leaders work within situations. Transformational leaders change what can be talked about, whereas many other leaders talk about pay-offs. Transformational leaders talk about goals. Many leaders

bargain, whereas transformational leaders appeal to a common vision. Dr Isaac Ojutalayo argues that desperately needed Christians and transformational leadership will not emerge until we have a model of a transforming leader. I believe that Jesus Christ was and is the most effective leader the world has ever known. It is with unreserved joy that I recommend this publication to those who are interested in church leadership. Professor Clinton L. Ryan, ThD

Church Planting for a Greater Harvest

A Comprehensive Guide *Wipf and Stock Publishers*

For the past four decades this highly effective method of evangelism has been vastly overlooked. As a result, large segments of the population have remained unreached. No single church can meet every person's needs; that's why planting new churches--ones that will meet the needs of specific groups--is so necessary. Now, after ten years of research

and teaching on the subject, C. Peter Wagner shares his knowledge and insight in this comprehensive guide on how to plant a church. It's an up-to-date textbook on church planting and a helpful summary of church growth principles in general. Church Planting for a Greater Harvest contains everything Wagner taught in his highly successful "How to Plant a Church" seminar--a presentation that was offered sixteen times and drew 5,000 participants! Today, as we see a renewed interest in church planting, the Lord is blessing the efforts of church planters everywhere. The future can be an exciting time of growth for churches. Get ready to be carried

into what could be the greatest era of harvest the world has ever seen!

Prayer

How Praying Together Shapes the Church *Crossway*

What is the role of corporate prayer in the church? Prayer is as necessary to the Christian as breathing is to the human body—but it often doesn't come quite as naturally. In fact, prayer in the church often gets subtly pushed to the side in favor of pragmatic practices that promise tangible results. This book focuses on the necessity of regular prayer as a central practice in the local church—awakening us to the need and blessing of corporate

prayer by examining what Jesus taught about prayer, how the first Christians approached prayer, and how to prioritize prayer in our congregations.

God Gave the Growth

Church Planting in the Episcopal Church *Church Publishing, Inc.*

- Practical and theoretical instruction for mainline church planting
- Written specifically for the Episcopal Church, but with mainline applications, by a well-known, widely respected author

The Episcopal Church has recognized that planting new churches is a high priority through the Mission Enterprise Zones initiative, which

provides grant funding for new worshiping communities, in partnership with dioceses. While there is significant literature and training available for church planters in evangelical contexts, very little is available for planters in the Episcopal/mainline context. This book addresses how to rise up and train leaders for the difficult task of planting new churches in the twenty-first century. It answers the essential questions, such as why should we plant churches, what models of church planting are most successful, what kinds of leaders are necessary, and what problems can be expected. Through the author's personal experience and interviews with

diocesan experts and leaders in mainline denominations, it provides strategies, approaches, and problem-solving techniques.

Charis and Charisma

David Yonggi Cho and the Growth of Yoido Full Gospel Church *Wipf and Stock Publishers*

Founded by David Yonggi Cho, Yoido Full Gospel Church is the world's largest church. This book discusses the factors responsible for the phenomenal growth of this church. The book expounds the role played by leadership, the Holy Spirit, prayer, preaching, cell groups and creativity in promoting church growth, with particular reference to Yoido Full

Gospel Church. It focuses on God's Grace (charis) and Inspiring Leadership (charisma) as the two essential factors for church growth and, in this context, examines the part David Yonggi Cho's personal charisma and his ideas or principles play in causing growth. The purpose of the book is to present a model for church growth worldwide.
