Welcome to the world of HMOs (a.k.a Single lets on steriods)... The drawbacks: a million confined strangers - in one property - walking on top of one another, elevated maintenance costs, and a tenant turnover rate that will make your toes curl. The perks (if you can stomach the drawbacks): heightened earning power compared to the traditional Single Lets.

HMOs can work for many tenant profiles from social housing, to students, to professional tenants. And, they are also becoming very popular with landlords. This is because the returns that landlords can achieve with HMOs are excellent. Often, a landlord can expect double the yield from an HMO than they would from a vanilla buy to let.
