The Walkthrough

Insider Tales from a Life in Strategy Guides *Snoke Valley Books*

The Walkthrough offers a rare peek behind the curtain of the secretive video game industry from an unlikely perspective, that of a career strategy guide writer. For eighteen years, Doug Walsh was one of the most prolific authors of officially licensed video game strategy guides. One part memoir and one part industry tell-all,

The Walkthrough takes players on an entertaining march through gaming's recent history, from the dawn of the PlayStation to the Xbox 360 and Nintendo Switch. Follow along as Walsh retraces his career and reveals how the books were made, what it was like writing guides to some of the industry's most celebrated — and derided — titles, and why the biggest publishers of guidebooks are no longer around. Walsh devotes entire chapters to many of gaming's most popular franchises, including Tony Hawk's Pro Skater, Gears of War, and Diablo, among others. From inauspicious beginnings with Daikatana to authoring

the books for the entire Bioshock trilogy, with plenty of highs, lows, and Warp Pipes along the way, Walsh delivers a rare treat to twenty-first century gamers. The Walkthrough is sure to satisfy the curiosity of anyone who grew up with the works of BradyGames and Prima Games sprawled across their laps. With over one hundred books to his credit, and countless weeks spent at many of the most famous studios in North America, he is uniquely qualified to give an insider's perspective of a little-known niche within the multi-billion-dollar industry.

The problem is...after a murder that sent their regular clients packing, even his numbers are down. Now, finding new sources of illegal income is his number one priority. Marigold Pfeifer is the fairy princess of online deceit. She can slip her computer viruses into a system at the blink of an eye and steal personal information in a twinkly flash. And

But when the naïve hacker rides the train uptown to check out mysterious Covington Heights, she's approached by the leader of the crew and forced to think fast on her feet. A hate-filled rivalry sparks between her and Rafael-and with it a deviously sinful attraction. Will real-life criminals and the danger they breed be enough to wise up the goth-pixie with zero street smarts when she must navigate dark waters-or will her flawed instincts burn all she's worked for to the ground?
