Start Your Journey to Master the Bible. The problem most of us have with the Bible is that we started out studying the details without ever getting the big picture. It's no wonder we're confused! In the Colorado Rockies, there are so many mountain peaks, nobody could climb them all. But there are 53 peaks that are over 14,000 feet. And many hikers try to climb all 53 fourteeners. That's what Max Anders does in this Bible study. You'll look at only the fourteeners - a manageable amount of information. In 30 days, you'll have a complete

understanding of the story of the Bible and the core teachings or doctrines that Christians have held onto throughout the centuries, presented in bite-sized pieces. After you have mastered the fourteeners, you will have the basic information you need for hiking the smaller peaks. Anders' simple-to-use, straightforward guide has been recommended by Bible teachers and pastors for thirty years, and now he can join your Bible study and launch you on a journey of mastering the Bible so well that the Bible masters you. 1 & 2 Kings: An Introduction and Study Guide

History and Story in Ancient Israel
Bloomsbury Publishing
 Lester L. Grabbe provides a concise and up-to-date introduction to the books of Kings, covering all the historical and

interpretative issues. Grabbe pays particular attention to how the history of ancient Israel can be reconstructed (or not as the case may be) through the text, and introduces students to the key ways of reading the books of Kings as religious and political history. Grabbe takes a chronological approach (according to the text) and provides overviews of the key periods of Israel's history. The nature of the 'Deuteronomistic History' and how well this theory of authorship stands up in the modern day is considered, as well as issues of form and source criticism more broadly. Grabbe concludes by offering a reflection on the books of Kings in theological and hermeneutical

perspective, which enables students to view not only the historical and textual issues, but also broader issues of meaning and significance.

Eureka Math Precalculus Study Guide John Wiley &

Sons

The Eureka Math curriculum provides detailed daily lessons and assessments to support teachers in integrating the Common Core State Standards for Mathematics (CCSSM) into their instruction. The companion guides to Eureka Math gather the key components of the curriculum for each grade into a single location. Both users and non-users of Eureka Math can benefit equally from the content presented. The CCSSM require careful study. A thorough study of the Guidebooks is a professional development experience in itself as users come to better understand the standards and the associated content.

Each book includes narratives that provide educators with an overview of what students learn throughout the year, information on alignment to the instructional shifts and the standards, design of curricular components, and descriptions of mathematical models. The Guidebooks can serve as either a self-study professional development resource or as the basis for a deep group study of the standards for a particular grade. For teachers who are either brand new to the classroom or to the Eureka Math curriculum, the Grade Level Guidebooks introduce them not only to Eureka Math but also to the content of the grade level in a

way they will find manageable and useful. Teachers already familiar with the curriculum will also find this resource valuable as it allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics. The Guidebooks allow teachers to obtain a firm grasp on what it is that students should master during the year.

**Study Guide for
Anatomy &
Physiology - E-Book**
*Elsevier Health
Sciences*

The chapters in the Study Guide mirror the chapters in the textbook. Multiple choice, matching, true-false, fill-in-the-blank, and completion questions; there are

over 1,200 question in all. Apply What You Know sections encourage critical thinking and application of core content. Crossword puzzles, word scrambles, and other similar "mind-testers" make learning basic anatomy and physiology fun. Did You Know sections include factual tidbits that will engage and interest students. Topics for review tell the student what to review in the textbook prior to beginning the exercises in the study guide. All the answers for each section are located in the back of the study guide. The Evolve Logo and web address are added within each chapter to direct students to further online activities. Each chapter

will be updated to include revised content in the core textbook. Addition of new Case Studies for each chapter.

In Cold Blood *Modern Library*

Selected by the Modern Library as one of the 100 best

nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the

seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

Mosby's Radiation Therapy Study Guide and Exam Review - E-Book *Elsevier Health Sciences*

Reinforce your understanding of radiation therapy and prepare for the Registry exam! Mosby's Radiation Therapy Study Guide and Exam Review is both a study companion for Principles and Practice of Radiation Therapy, by Charles Washington and Dennis Leaver, and a superior review for the certification exam offered by the American Registry for Radiologic Technology (ARRT). An easy-to-read format simplifies study by presenting

information in concise bullets and tables. Over 1,000 review questions are included. Written by radiation therapy expert Leia Levy, with contributions by other radiation therapy educators and clinicians, this study tool provides everything you need to prepare for the ARRT Radiation Therapy Certification Exam. This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included. Over 1000 multiple-choice questions in Registry format are provided in the text, allowing you to both study and simulate the actual exam experience. Focus questions and key information in

tables make it easy to find and remember information for the exam. Review exercises reinforce learning with a variety of question formats to fit different learning styles. Questions are organized by ARRT content categories and are available in study mode with immediate feedback after each question, or in exam mode, which simulates the test-taking experience in a timed environment with ARRT exam-style questions.

Old Testament Study Guide, Pt. 2

Deuteronomy to Solomon *Plain & Precious Publishing* Old Testament Study Guide, Pt. 2: Deuteronomy to Solomon. This volume is the second of three

on the Old Testament. It covers the Bible from the Book of Deuteronomy to the reign of King Solomon. We read Moses' counsel to his people during the final days before his translation. We follow the children of Israel into the Promised Land under the leadership of Joshua, beginning at Jericho and ending with the total conquering of all the lands promised to Abraham. We are introduced to the Judge-Heroes, including but not limited to Gideon, Deborah, and Samson. We read of the rise of the prophet Samuel and reigns of Saul, David, and Solomon. We thrill at the faith and gifts of David and mourn over his fall from grace. We are inspired by the wisdom

of Solomon and the beauty of the House of Lord He built at Jerusalem, but are saddened by his idolatry in his old age. Along the way, we become familiar with the ministries and teachings of Elijah, and Elisha, and the courage and faith of Job. The cover features an extremely rare photograph of the rock (es-Sakhara) inside the Dome of the Rock, which at one time stood inside the Holy of Holies of Solomon's temple.
