Peer support strategies. Peer support used the pupil peer group both to prevent and respond to bullying. schemes could be used both proactively and reactively. Buddy schemes and circle of friends were most widely used but other approaches also in use included peer mentoring, peer listening, peer mediation, and bystander defender training.

Successful anti-bullying strategies | Optimus Education

We found two research-tested approaches that show the most promise for reducing bullying (along with other forms of aggression and conflict). They are a positive school climate, and social and emotional learning. Building a positive school climate. School climate can be difficult to define, though possible to measure. It is the “felt sense” of being in a school, which can arise from a greeting, the way a problem is resolved, or how people work together; it is a school’s “heart and ...

Bullying in Schools: How Successful Can Interventions Be ...

To ensure that bullying prevention efforts are successful, all school staff need to be trained on what bullying is, what the school’s policies and rules are, and how to enforce the rules. Training may take many forms: staff meetings, one-day training sessions, and teaching through modeling preferred behavior. Schools may choose any combination of these training options based on available funding, staff resources, and time.
