The MSc Econometrics and Mathematical Economics is a technically rigorous programme designed to meet the needs of those who have a strong quantitative background wishing to study economics. It is aimed at mathematicians, statisticians, physical scientists and engineers, as well as graduate

economists. The programme begins with a compulsory introductory course designed to provide you with the essential foundations in macroeconomics, microeconomics and econometrics.

MSc Econometrics and Mathematical Economics

It has been twenty years since the last edition of this classic book. Kevin Wainwright (British Columbia University and Simon Fraser University), a long time user of the text, has executed the perfect revision: he has updated examples, applications and theory without changing the elegant, precise presentation style of Alpha Chiang. Readers will find the wait was worthwhile.
