For example, the universe is made of organic natural material, but the watch is made of artificial mechanic materials. He claims that in the same respect, the universe could be argued to be more analogous to something more organic such as a vegetable (which we can observe for ourselves does not need a 'designer' or a 'watchmaker' to be created).

The Game & Watch made handheld video game consoles vastly popular. Many toy companies followed in the footsteps of Game & Watch, such as Tiger Electronics and their Star Wars themed games.. Nintendo's Game & Watch units were eventually superseded by the original Game Boy.Each Game & Watch was only able to play one game, due to the use of a segmented LCD display being pre-printed with an overlay.

Game & Watch - Wikipedia

A pocket watch (or pocketwatch) is a watch that is made to be carried in a pocket, as opposed to a wristwatch, which is strapped to the wrist.. They were the most common type of watch from their development in the 16th century until wristwatches became popular after World War I during which a transitional design, trench watches, were used by the military.
