Or, a Humble Attempt to Discover the Long Lost Ten Tribes of Israel, Preparatory to Their Return to Their Beloved City, Jerusalem

The Lost Tribes of Israel

The History of a Myth *Weidenfeld & Nicolson Limited*

Tudor Parfitt examines a myth which is based on one of the world's oldest

mysteries - what happened to the lost tribes of Israel? Christians and Jews alike have attached great importance to the legendary fate of these tribes which has had a remarkable impact on their ideologies throughout history. Each tribe of Israel claimed descent from one of the twelve sons of Jacob and the land of Israel was eventually divided up between them. Following a schism which formed after the death of Solomon, ten of the tribes set up an independent northern kingdom, whilst those of Judah and Levi set up a separate southern kingdom. In 721BC the ten northern tribes were ethnically cleansed by the Assyrians and the Bible states they were placed: in Halah and in Habor by the river of Gozan and in the city of Medes. The Bible also foretold that one day they

would be reunited with the southern tribes in the final redemption of the people of Israel. Their subsequent history became a tapestry of legend and hearsay. The belief persisted that they had been lost in some remote part of the world and there were countless suggestions and claims as to where.

The Ten Lost Tribes

A World History *Oxford University Press*

In *The Ten Lost Tribes*, Zvi Ben-Dor Benite shows for the first time the extent to which the search for the lost tribes of Israel became, over two millennia, an engine for global exploration and a key mechanism for understanding the world.

Origins of the American Indians

European Concepts, 1492-1729

University of Texas Press

The American Indian—origin, culture, and language—engaged the best minds of Europe from 1492 to 1729. Were the Indians the result of a co-creation? Were they descended from the Ten Lost Tribes of Israel? Could they have emigrated from Carthage, Phoenicia, or Troy? All these and many other theories were proposed. How could scholars account for the multiplicity of languages among the Indians, the differences in levels of culture? And how did the Indian arrive in America—by using as a bridge a now-lost continent or, as was later suggested by some persons in the light of an expanding knowledge of geography, by

using the Bering Strait as a migratory route? Most of the theories regarding the American Indian were first advanced in the sixteenth century. In this distinctive book Lee E. Huddleston looks carefully into those theories and proposals. From many research sources he weaves an historical account that engages the reader from the very first. The two most influential men in an early-developing controversy over Indian origins were Joseph de Acosta and Gregorio García. Approaching the subject with restraint and with a critical eye, Acosta, in 1590, suggested that the presence of diverse animals in America indicated a land connection with the Old World. On the other hand, García accepted several theories as equally possible and presented each in the strongest possible

light in his *Origen de los indios* of 1607. The critical position of Acosta and the credulous stand of García were both developed in Spanish writing in the seventeenth century. The Acostans settled on an Asiatic derivation for the Indians; the Garcians continued to accept most sources as possible. The Garcian position triumphed in Spain, as was shown by the republication of García's *Origen* in 1729 with considerable additions consistent within the original framework. Outside of Spain, Acosta was the more influential of the two. His writings were critical in the thinking of such men as Joannes de Laet (who bested Grotius in their polemic on Indian origins), Georg Horn, and Samuel Purchas. By the end of the seventeenth century the Acostans of Northern Europe

had begun to apply physical characteristics to the determination of Indian origins, and by the early eighteenth century these new criteria were beginning to place the question of Indian origins on a more nearly scientific level.

Trust in the Land

New Directions in Tribal Conservation *University of Arizona Press*

“The Earth says, God has placed me here. The Earth says that God tells me to take care of the Indians on this earth; the Earth says to the Indians that stop on the Earth, feed them right. . . . God says feed the Indians upon the earth.”
—Cayuse Chief Young Chief, Walla Walla

Council of 1855 America has always been Indian land. Historically and culturally, Native Americans have had a strong appreciation for the land and what it offers. After continually struggling to hold on to their land and losing millions of acres, Native Americans still have a strong and ongoing relationship to their homelands. The land holds spiritual value and offers a way of life through fishing, farming, and hunting. It remains essential—not only for subsistence but also for cultural continuity—that Native Americans regain rights to land they were promised. Beth Rose Middleton examines new and innovative ideas concerning Native land conservancies, providing advice on land trusts, collaborations, and conservation groups. Increasingly, tribes are working

to protect their access to culturally important lands by collaborating with Native and non- Native conservation movements. By using private conservation partnerships to reacquire lost land, tribes can ensure the health and sustainability of vital natural resources. In particular, tribal governments are using conservation easements and land trusts to reclaim rights to lost acreage. Through the use of these and other private conservation tools, tribes are able to protect or in some cases buy back the land that was never sold but rather was taken from them. Trust in the Land sets into motion a new wave of ideas concerning land conservation. This informative book will appeal to Native and non-Native individuals and organizations interested

in protecting the land as well as environmentalists and government agencies.

Undeniable: Full Color Evidence of Black Israelites In The Bible *Dante Fortson*

"Then they fasted that day, and put on sackcloth, and cast ashes upon their heads, and rent their clothes, and laid open the book of the law, wherein the heathen had sought to paint the likeness of their images." - 1 Maccabees 3:47-48

Undeniable is the perfect outreach tool to connect with anyone that is skeptical of the claim that the Israelites of the Bible are were black, and have always been black. This is first and foremost an outreach tool, but it also makes a great

gift for anyone that wants to see the hard evidence. + Full Color Images + Minimal Commentary + Designed To Start The Conversation Inside of the book you'll find: + Maps + Paintings + Statues + Explorer Journal Entries + Memorandum To The President of The United States All of the evidence adds up to the fact that there was a multi national conspiracy to kidnap, enslave, and hide the true history of Negroes scattered all over the world through the Transatlantic Slave Trade. There has been a conscious concerted effort to steer people away from the truth that Israel fled into Africa in 70 A.D. and still inhabits many areas of the continent.

Hiding The Hebrews: Did America Kidnap The Lost Tribes of Israel?

Dante Fortson

Are the tribes of Israel really "lost" or were they hidden as prophesied in Psalms 83? The Bible seems to indicate a multi national conspiracy to hide Israel and wipe out the memory of who they really are. If this is true, then history as we know it has been hijacked, and it is only through searching that we will find the truth. In this book, you'll find the answers to the following questions, just to name a few: Why does a 1747 English map place the tribe of Judah on the "slave coast" of Africa? Why do slave ledgers show slaves being registered with Hebrew names fresh off of the ships? Why did slaves sing songs in Hebrew and call out to Yah for help? Why did Christ mention the slavery of Israel as a sign of the end of the age?

Are "the times of the Gentiles" coming to an end? If you are 100% honest with yourself as you find the answers to these questions, your eyes will be opened. If you're ready to start this eye opening adventure through scripture then keep reading. ISRAEL IS STILL A NATION TO GOD AND ALWAYS WILL BE! "Thus saith the LORD, which giveth the sun for a light by day, and the ordinances of the moon and of the stars for a light by night, which divideth the sea when the waves thereof roar; The LORD of hosts is his name: If those ordinances depart from before me, saith the LORD, then the seed of Israel also shall cease from being a nation before me for ever. Thus saith the LORD; If heaven above can be measured, and the foundations of the earth searched out beneath, I will also

cast off all the seed of Israel for all that they have done, saith the LORD.” - Jeremiah 31:35-37

Discourse on the Evidences of the American Indians Being the Descendants of the Lost Tribes of Israel [microform]

Delivered Before the Mercantile Library Association, Clinton Hall

Legare Street Press

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Ten Lost Tribes

Trumpet Press

This book details the scriptures that

apply to the "Lost Tribes of Israel." It shows how many of them went to Ireland, England, and other European regions. It also covers the great pyramid, Bible prophecy, and the throne of David. A great resource for learning about the British-Israel connection.

The Thirteenth Tribe

The Khazar Empire and Its Heritage

This book traces the history of the ancient Khazar Empire, a major but almost forgotten power in Eastern Europe, which in the Dark Ages became converted to Judaism. Khazaria was finally wiped out by the forces of Genghis Khan, but evidence indicates that the Khazars themselves migrated to Poland and formed the cradle of Western

Jewry. To the general reader the Khazars, who flourished from the 7th to 11th century, may seem infinitely remote today. Yet they have a close and unexpected bearing on our world, which emerges as Koestler recounts the fascinating history of the ancient Khazar Empire. At about the time that Charlemagne was Emperor in the West. The Khazars' sway extended from the Black Sea to the Caspian, from the Caucasus to the Volga, and they were instrumental in stopping the Muslim onslaught against Byzantium, the eastern jaw of the gigantic pincer movement that in the West swept across northern Africa and into Spain. Thereafter the Khazars found themselves in a precarious position between the two major world powers:

the Eastern Roman Empire in Byzantium and the triumphant followers of Mohammed. As Koestler points out, the Khazars were the Third World of their day. They chose a surprising method of resisting both the Western pressure to become Christian and the Eastern to adopt Islam. Rejecting both, they converted to Judaism. Mr Koestler speculates about the ultimate faith of the Khazars and their impact on the racial composition and social heritage of modern Jewry. He produces a large body of meticulously detailed research.

From Babylon to Timbuktu

A History of the Ancient Black Races Including the Black Hebrews

This carefully reserched book is a

significant addition to this vital foeld of knowledge. It sets forth, in fascinating detail, the history, from earliset recorded times, of the black races of the Middle East and Africa.

The Twelve Tribes of Israel *Rose Publishing Inc*

Enjoy having a simple overview on the 12 Tribes of Israel at your fingertips. See each tribe's symbol, meaning, history, and other fascinating facts at a glance. Includes incredible visual aids, such as a full-color map, family tree, Tabernacle diagram, and more. Almost every person in the Bible belonged to one of the 12 Tribes of Israel based on their ancestry: From Moses who was a Levite to the Apostle Paul who was Benjaminite. Each tribe had its own history, land, and

heritage. Now you can easily grasp the "backstory" of each tribe and see key information at a glance! For example, find out the significance of Jesus being called the "Lion of Judah." For each of the 12 Tribes of Israel, you will get— • A quick overview of its meaning, size, family history, location, and more. • A picture of the tribe's symbol (such as the lion from the Tribe of Judah) • Simple summary of Jacob's blessing, Moses' blessing, and other key events related to each tribe. (Find out the major battles, controversies, and scandals that impacted each tribe. Plus, see which important Bible people came from each tribe of Israel.) Features Incredible Visual Aids (Map of Israel, Tabernacle Diagram, and more) This pamphlet is packed with visual aids that will help you see key

information at a glance. These visuals will enrich your understanding of the 12 Tribes of Israel and add depth to any Old Testament study: • Family Tree of Jacob (Israel) • Tabernacle diagram showing where each of the 12 tribes encamped around the Tabernacle. • Time Line showing key events, starting with Abraham's journey from Haran • Easy-to-read, full-color map showing how the "promised land" was divided amongst each of the 12 tribes according to their inheritance. The map is color-coded so you can easily spot each tribe's location!

The Promised Land

Antin emigrated from Polotzk (Polotsk), Belarus [Russia], to Boston, Massachusetts, at age 13. She tells of Jewish life in Russia and in the United

States.

Becoming Jewish

New Jews and Emerging Jewish Communities in a Globalized World

Cambridge Scholars Publishing

One of the most striking contemporary religious phenomena is the world-wide fascination with Judaism. Traditionally, few non-Jews converted to the Jewish faith, but today millions of people throughout the world are converting to Judaism and are identifying as Jews or Israelites. In this volume, leading scholars of issues related to conversion, Judaizing movements and Judaism as a New Religious Movement discuss and explain this global movement towards identification with the Jewish people,

from Germany and Poland to China and Nigeria.

Pagans in the Promised Land

The Promise of the Land

The Inheritance of the Land of Canaan by the Israelites

"Written by one of the outstanding biblical scholars in the world, this book is very important, not only as technical biblical criticism but also for its treatment of one of the most pressing and controversial issues of our own time."--David N. Freedman, co-editor of "The Archaeology of the Bible"

A Promised Land *Crown*

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED

ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was

elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S.

strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and

daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The Ten Lost Tribes

The History and Mystery of the Lost Tribes of Israel

*Includes pictures *Includes Biblical passages and Assyrian accounts of the deportation of the Israelites *Includes a bibliography for further reading "I

counted as spoil 27,280 people, together with their chariots, and gods, in whom they trusted. I formed a unit with 200 of [their] chariots for my royal force. I settled the rest of them in the midst of Assyria. I repopulated Samaria more than before. I brought into it people from countries conquered by my hands. I appointed my commissioner as governor over them, and I counted them as Assyrians." - Sargon II, Assyrian king In the 8th century BCE, one of the most important provinces within the Assyrian Empire was Samaria. Also known as Israel, Samaria repeatedly rebelled against their Assyrian overlords, but in 722, the Assyrians overran Samaria once and for all, killing countless numbers and sending most of the rest of its inhabitants into forced exile. The events

of Samaria's fall were chronicled in the Assyrian annals from the reign of Sargon II and the Old Testament, and although the two sources present the event from different perspectives, they corroborate each other for the most part and together present a reliable account of the situation. The end result was that 30,000 Israelites were forcibly deported from the region, a tactic the Assyrians found so effective that they would continue to use it against other conquered enemies until the fall of their own empire. The Assyrians' forced exile of the Israelites was not the only time such a fate had befallen them, as made clear by Babylonian accounts and the Biblical account of the Exodus out of Egypt, but it was that exile that permanently scattered most of the

legendary 12 tribes of Israel, and the fate of the 10 lost tribes has interested people ever since. The patriarchal stories in Genesis explain the following about the origin of the tribes of Israel. The patriarch Jacob, whose name was later changed to Israel (Gen 32:28), was himself the son of Isaac and the grandson of Abraham. He had 12 sons who are the eponymous ancestors of the 12 tribes of Israel. Genesis lists the 12 sons according to their mothers. Jacob had five sons with his first wife: Reuben, Simeon, Levi, Judah, and Issachar. Leah's maid, Zilpah, bore another two sons to Jacob: Gad and Asher. His second wife, Rachel, also bore only two sons: Joseph and Benjamin; as did her maid, Bilhah: Dan and Naphtali. The simple version of the Ten Lost Tribes is that modern Jewish

communities are composed of the descendants of two of these 12 tribes because Cyrus the Great allowed these tribes to return to Judah from their captivity in Babylon. However, the location and fate of the remaining 10 tribes, deported by the Assyrians from the northern kingdom of Israel two centuries earlier, remains a mystery, and it is this mystery that lies at the heart of the search for the Ten Lost Tribes. The Ten Lost Tribes looks at what is known and unknown about the missing tribes of Israel, and speculation as to their fate. Along with pictures of important people, places, and events, you will learn about the Lost Tribes of Israel like never before, in no time at all.

Ancient Book of Jasher

Referenced in Joshua 10:13; 2 Samuel 1:18; and 2 Timothy 3:8
Createspace Independent Pub

There are 13 ancient history books that are mentioned and recommended by the Bible. The Ancient Book of Jasher is the only one of the 13 that still exists. It is referenced in Joshua 10:13; 2 Samuel 1:18; and 2 Timothy 3:8. This volume contains the entire 91 chapters plus a detailed analysis of the supposed discrepancies, cross-referenced historical accounts, and detailed charts for ease of use. As with any history book there are typographical errors in the text but with three consecutive timelines running through the histories it is very easy to arrive at the exact dates of recorded events. It is not surprising that this ancient document confirms the

Scripture and the chronology given in the Hebrew version of the Old Testament, once and for all settling the chronology differences between the Hebrew Old Testament and the Greek Septuagint. The Ancient book of Jasher is brought to you by Biblefacts Ministries, Biblefacts.org

Old Canaan in a New World

Native Americans and the Lost Tribes of Israel *NYU Press*

Were indigenous Americans descendants of the lost tribes of Israel? From the moment Europeans realized Columbus had landed in a place unknown to them in 1492, they began speculating about how the Americas and their inhabitants fit into the Bible. For many, the most

compelling explanation was the Hebraic Indian theory, which proposed that indigenous Americans were the descendants of the ten lost tribes of Israel. For its proponents, the theory neatly explained why this giant land and its inhabitants were not mentioned in the Biblical record. In *Old Canaan in a New World*, Elizabeth Fenton shows that though the Hebraic Indian theory may seem far-fetched today, it had a great deal of currency and significant influence over a very long period of American history. Indeed, at different times the idea that indigenous Americans were descended from the lost tribes of Israel was taken up to support political and religious positions on diverse issues including Christian millennialism, national expansion, trade policies, Jewish

rights, sovereignty in the Americas, and scientific exploration. Through analysis of a wide collection of writings—from religious texts to novels—Fenton sheds light on a rarely explored but important part of religious discourse in early America. As the Hebraic Indian theory evolved over the course of two centuries, it revealed how religious belief and national interest intersected in early American history.

Whore Stories

A Revealing History of the World's Oldest Profession *Simon and Schuster*

A Working History of Working Girls (and Guys) Have you ever wondered how Heidi Fleiss came to be the face of upscale prostitution or if Casanova really was the world's greatest lover? How about why Latin playboy Rubi Rubirosa got the nickname "The Ding Dong Daddy"? Anything but judgmental, *Whore Stories* sheds light on one of our more stigmatized icons: The Prostitute. Featuring the true stories of famous

streetwalkers, call girls, rent boys, and go-go dancers, this book offers a revealing look at the men and women who have blazed the bawdy trail of prostitution since the dawn of time. While you may think that you know everything about this occupation, *Whore Stories* includes plenty of details and even celebrities, such as Maya Angelou and Bob Dylan, that will leave you in awe. From private schools and child preachers to mime fantasies and unfortunate amputations, this book uncovers the truth behind the world's oldest profession.

Jewish Bialystok and Its Diaspora
Indiana University Press

The mass migration of East European Jews and their resettlement in cities

throughout Europe, the United States, Argentina, the Middle East and Australia in the late 19th and early 20th centuries not only transformed the demographic and cultural centers of world Jewry, it also reshaped Jews' understanding and performance of their diasporic identities. Rebecca Kobrin's study of the dispersal of Jews from one city in Poland -- Bialystok -- demonstrates how the act of migration set in motion a wide range of transformations that led the migrants to imagine themselves as exiles not only from the mythic Land of Israel but most immediately from their east European homeland. Kobrin explores the organizations, institutions, newspapers, and philanthropies that the Bialystokers created around the world and that reshaped their perceptions of exile and

diaspora.

Gospel Principles *The Church of Jesus Christ of Latter-day Saints*

A Study Guide and a Teacher's Manual Gospel Principles was written both as a personal study guide and as a teacher's manual. As you study it, seeking the Spirit of the Lord, you can grow in your understanding and testimony of God the Father, Jesus Christ and His Atonement, and the Restoration of the gospel. You can find answers to life's questions, gain an assurance of your purpose and self-worth, and face personal and family challenges with faith.

Atlantis in America

Navigators of the Ancient World

Adventures Unlimited Press

This text presents evidence for a new theory that the great stone spheres of Costa Rica and sighting stones throughout the Pacific were used to teach sea routes and constellation paths to navigators of the ancient world. It reveals substantial links between Meso-America and Egypt and the Middle East.

The Invention of the Land of Israel

From Holy Land to Homeland *Verso Books*

What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed

and controversial *The Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel" by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the existence of the Jewish state today.

The Myth of the Twelve Tribes of Israel

New Identities Across Time and Space

"His father's stolen blessing in hand, the young Jacob, not yet a patriarch, lights out for the territories. His flight rewinds history, retracing the thread of family destiny back to Harran, where once his grandfather Abraham heard the voice of a new god speaking: *lech lecha*, take yourself and go. This time, it is the voice of his mother Rebekah that Jacob heard, telling him "look, Esau your brother is consoling himself by plotting to kill you" (Gen. 27:42). He chooses the better part of valor and his life not only begins, but, happily for him, continues. In Harran, in the home of his uncle Laban, Jacob will

marry, not once but twice, and become the father of thirteen children—one daughter, and twelve sons (Gen. 29-30). After fourteen years, Jacob and his family return to Canaan, and near the end of his life, travel from Canaan to Egypt (Gen. 46). In Egypt, in the fullness of time, the descendants of Jacob's twelve sons become the twelve tribes of Israel, a populous and powerful nation. From the book of Exodus on, the myth of the twelve tribes of Israel is the beating heart of the story the Bible tells. It is the tribes that Moses leads out of Egypt, into the wilderness"--

Trespass

Living at the Edge of the Promised Land *North Point Press*

Trespass is the story of one woman's struggle to gain footing in inhospitable territory. A wilderness activist and apostate Mormon, Amy Irvine sought respite in the desert outback of southern Utah's red-rock country after her father's suicide, only to find out just how much of an interloper she was among her own people. But more than simply an exploration of personal loss, *Trespass* is an elegy for a dying world, for the ruin of one of our most beloved and unique desert landscapes and for our vanishing connection to it. Fearing what her father's fate might somehow portend for her, Irvine retreated into the remote recesses of the Colorado Plateau—home not only to the world's most renowned national parks but also to a rugged brand of cowboy Mormonism that stands

in defiant contrast to the world at large. Her story is one of ruin and restoration, of learning to live among people who fear the wilderness the way they fear the devil and how that fear fuels an antagonism toward environmental concerns that pervades the region. At the same time, Irvine mourns her own loss of wildness and disconnection from spirituality, while ultimately discovering that the provinces of nature and faith are not as distinct as she once might have believed.

Jewish Pirates of the Caribbean

Aurum Press

At the end of the fifteenth century, the Spanish Inquisition forced many Jews to flee the country. The most adventurous among them took to the high seas as

freewheeling outlaws. In ships bearing names such as Prophet Samuel, Queen Esther, and Shield of Abraham, they attacked and plundered the Spanish fleet while forming alliances with other European powers to ensure the safety of Jews living in hiding. Jewish Pirates of the Caribbean is the entertaining saga of a hidden chapter in Jewish history, and of the cruelty, terror and greed that flourished during the Age of Discovery. Among the many daring figures to feature in the book are: 'the Great Jewish Pirate' Sinan, Barbarossa's second-in-command; Rabbi Samuel Palache and his brother, Joseph, who went from commanding pirate ships to founding the first openly Jewish community in the New World; and Abraham Cohen Henriques, and arms dealer who used his cunning

and economic muscle to find safe havens for other Jews. Filled with high-seas adventures including encounters with Captain Morgan and other legendary pirates – and detailed portraits of cities stacked high with plunder, such as Port Royal, Jamaica, Jewish Pirates of the Caribbean captures a gritty and glorious era of history from an unusual and eye opening perspective.

A Literature of Questions

Nonfiction for the Critical Child *U of Minnesota Press*

Nonfiction books for children—from biographies and historical accounts of communities and events to works on science and social justice—have traditionally been most highly valued by

educators and parents for their factual accuracy. This approach, however, misses an opportunity for young readers to participate in the generation and testing of information. In *A Literature of Questions*, Joe Sutliff Sanders offers an innovative theoretical approach to children's nonfiction that goes beyond an assessment of a work's veracity to develop a book's equivocation as a basis for interpretation. Addressing how such works are either vulnerable or resistant to critical engagement, Sanders pays special attention to the attributes that nonfiction shares with other forms of literature, including voice and character, and those that play a special role in the genre, such as peritexts and photography. The first book-length work to theorize children's nonfiction as

nonfiction from a literary perspective, *A Literature of Questions* carefully explains how the genre speaks in unique ways to its young readers and how it invites them to the project of understanding. At the same time, it clearly lays out a series of techniques for analysis, which it then applies and nuances through extensive close readings and case studies of books published over the past half century, including recent award-winning books such as Tanya Lee Stone's *Almost Astronauts: Thirteen Women Who Dared to Dream* and *We Are the Ship: The Story of Negro League Baseball* by Kadir

Nelson. By looking at a text's willingness or reluctance to let children interrogate its information and ideological context, Sanders reveals how nonfiction can make young readers part of the project of learning rather than passive recipients of information.

The Lower East Side *Courier Corporation*

Collection of evocative photographs chronicles evolution of immigrant neighborhood from 1870s to 1920 as waves of Jewish immigrants arrived from Eastern Europe. 99 black-and-white photographs. Introduction. Bibliography.
