Astrology / Cosmology - R. V. Bey Publications

Since the beginning of time people pondered their relationship to the universe by looking to the skies. The word "astrology" was derived from the Greek word for star, "asteri" but the first organized system of astrology arose over 4000 years ago in Babylon, now modern day Iraq. The early astrologers tracked the movement of the sun and moon, stars, and planets to study their influence on their lives, and to seek guidance and a connection with the universe.
