Care planning, involvement and person-centred care
This section explores two key themes that are central to care planning within the

MCA framework: involvement, and keeping the wishes of the person at the centre of their care and support. It emphasises that building relationships and good communication are critical to meaningful involvement.

MCA: Care planning, involvement and person-centred care | SCIE

You should be involved in putting together your care plan, so make sure to share your views and preferences. Your care plan shows what care and support will meet your care needs. You'll receive a copy of the care plan and a named person to contact. Your care plan should cover:

care plans.

All-in-one nursing care planning resource

There are many
different kinds of care
plans in use across
health care in the UK,
but each of them has
the same three
purposes: to ensure
that the patient/client
gets the same care
regardless of which
members of staff are
on duty to ensure that
the care given is
recorded to support
the patient/client to

identify, manage and,
hopefully, solve his or
her problems.
