A Handbook of Business Transformation Management Methodology

'BTM²' or 'Business Transformation Management Methodology' presents a new approach to business transformation management, developed by a unique partnership of international corporations, academics, and consultants in response to the increasing pressures on organisations to perform in the face of a rapidly changing environment, and the inability of current

transformation models to help in the implementation of change processes.

A Handbook of Business Transformation Management ... Business

transformation is an umbrella term for making fundamental changes in how a business or organization runs. This includes personnel, processes, and technology. These transformations help organizations compete more effectively, become more efficient, or make a wholesale strategic pivot.

Business Transformation | Definition and Overview

In management it has been said that Business Transformation involves making fundamental changes in how business is conducted in order to help cope with shifts in market environment. However this is a relatively narrow

definition that overlooks other reasons and ignores other rationales.
