- Tue May 13, 2003 12:56 pm #10605551. hey everyone I have been wondering about some stuff regarding early American jet engines. I dont know what the DC-8 30 series were fitted with but I have noticed some pretty weird things on them. Firsrt what are those bunch of tubes or pipes sticking out of the end of the engine. Second, what is the cylindrical or circular thing surrounding them at the end ...
