A collection of solutions to common roadblocks in the creative process, with emphasis on solving musical problems, making progress and finishing what you start. Creative Strategies for Electronic Music Producers | Making Music book by Ableton

Making Music book by Ableton - Creative Strategies for ...

Why this is, and what you can do about it is the subject of a new book entitled Making Music - 74 Creative Strategies for Electronic Music Producers. While the author, Dennis DeSantis, is Ableton's Head of Documentation, the book is not an expanded Live user's manual. Instead, as the title implies, it's meant to

help you actually make music – with concrete tips for solving musical problems, making progress, and (most importantly) finishing what you start – regardless of the ...

Making Music - 74 Creative Strategies for Producers | Ableton

To get started, check out the boxes below. Each one contains a small piece of music. Click a box to turn it on or off. Drums. Bass. Chords. Melodies. After playing with these boxes for a while, you'll discover certain combinations that you like. Many types of music are created in exactly this way — by mixing and matching small musical ideas to make interesting combinations, and then changing those combinations over time.
